M'NAMARA IDENTIFIED BY BRYCE WOMAN AS

REBELS SURROUND CITY OF MAZATLAN, THE BIG SEAPORT

Government Gunboat Shells Insurgents, but Ceases Firing When Foreign Consuls Protest

NOGALES, April 27.—What is believed to be an authentic report has reached this city from Mazatlan, the big port on the western coast in the State of Sinaloa, saying that it is completely surrounded by rebels, who have cut off the water supply from the mountains.

The Mexican gunboat began shelling the rebel position from the harbor, but yielded to the united protests of foreign consuls and ceased firing and later went to sea.

Trains are not running to Mazatlan from the north, the rebels having burned a bridge twelve miles out. Trains south to Culican are also stopped.

TUCSON, April 27.—Passengers arriving here today from the west coast of Mexico say the Southern Pacific Mexico trains are not operating below Quilla, south of Culican, due to the destruction of a \$40,000 steel railroad bridge.

At the office of Espes Randolph, vice-president of the Southern Pacific lines in Mexico, it was stated that Mr. Randolph was now in Mexico investigating the extent of the damage. The arriving passengers said that the outbreak at Quilla had not been accompanied by any loss.

J. B. PATRICK IS INJURED WHEN MUST FACE TRIAL GASOLINE TANK EXPLODES

Assailant of Dr. Byron Workman in Cleaning Is Held to Answer Charge Establishment Is Hurt

J. B. Patrick was held to answer before Judge Mortimer Smith this morning on a felony charge of assault with a deadly weapon with intent to murder Dr. A. E. Byron, whom he had found in a room in a local apartment house with his daughter, Miss Ethel Francis Patrick. He was bound over to the Superior Court for trial, the bond being set at \$10,000. This was furnished by August Wessel, a local merchant, and A. W. Beam of Hayward. The two bondsmen had come prepared to qualify for any sum up to \$20,000.

It is probable that self-defense will be Patrick's plea before the Superior Court when the case comes before the higher tribunal. No defense was presented in the preliminary examination in the police court, but the trend of questions asked by Attorney Peter J. Crosby for the defense would indicate that the claim will be made that Patrick defended himself when the physician leaped out from the clothes closet in which he concealed himself when the parents of the girl visited the place.

INFATUATION AT END.

That the infatuation which has worked trouble in two households for the past two years, and which narrowly missed resulting in the death of Dr. A. E. Byron, has ended in the court proceedings and the publicity, given the relationship between Dr. Byron and Miss Patrick, is the hope of the parents of the girl.

Since the night the two were found together in the Alhambra hotel no word has been spoken between Dr. Byron and Miss Patrick, and yesterday in the court room their eyes never met during the time Dr. Byron was present at the proceedings. Mrs. Byron, wife of the physician, had had Miss Patrick warned not to pursue her husband, and Patrick had threatened Dr. Byron with trouble if he did not desist in his attention to the girl. The measures failed to have any effect on either, but Mrs. Byron and the parents of the girl hope there will be no renewal of the relations between the two.

WILL STAY AT HOME.

The day following the stabbing of Dr. Byron by Patrick in the Alhambra apartment the girl said that she did not know whether she would give up her attachment and love for the physician.

FAIR ACTRESS ELUDES THE SHERIFF

Beautiful Amy Dale, Alleged Affinity of Actor Hall, no Longer Here.

The Alameda County Deputies Follow Lucklessly Hot Trail to Warm Springs.

Amy Dale, beautiful actress and alleged affinity of Thurston Hall, leading man at the Alcazar Theater in San Francisco, against whom there is a felony charge sworn to by Mary Lucille Perry-Hall, wife of the actor, is still a fugitive from justice, but according to Sheriff Frank Barnett she is no longer in Alameda county. Deputies Edward Sweeney and Samuel E. Van Devort, who have been working on the case since Tuesday night, learned positively this forenoon that when the actress decamped from the Warm Springs Hotel about two hours before they arrived there in the sheriff's automobile at 12:30 o'clock yesterday morning, she was taken to San Jose by Mary Klink, wife of Thomas Klink, proprietor of the resort, in an automobile. This information was immediately telephoned to police headquarters in San Francisco by Sheriff Barnett and also to the chief of police of San Jose, whose services the San Francisco authorities have also enlisted in their efforts to get hold of the actress.

Deputy Van Devort today also got a definite and reliable line on Miss Dale's movements from Monday morning until she was spirited away from him and Deputy Sweeney in Thomas Klink's auto. All day Monday the actress was alone at the Warm Springs Hotel, which is rated as a health resort, until time for her to catch the train at 4:40 o'clock in the afternoon. Then she was joined by another woman and a man, whose description answers closely to that of Thurston Hall, and the party was taken to the train by Mrs. Klink in the automobile.

RETURNED TO RESORT.

She returned to the resort Tuesday morning and shortly before 10 o'clock that night received a telephone message from San Francisco which threw her into great mental distress and prompted her to decide on leaving the hotel immediately. Whether this message was an announcement from Thurston Hall of his own arrest and a warning for her to make herself scarce, the deputy sheriffs are unable to say positively, although they have reported to Sheriff Barnett that they believe this to be the fact.

At any rate the actress got away to San Jose in the automobile with Mary Klink just about the time that Deputy Sheriffs Sweeney and Van Devort, armed with a fugitive warrant from San Francisco, left the county jail in Sheriff Barnett's machine to corral their quarry at her Warm Springs rendezvous. She "beat them to it" by about two hours.

DENIES SEEING HER.

While the deputies were at the hotel, according to their report to Sheriff Barnett today, Mary Klink drove up to the resort in her husband's machine. She emphatically denied having seen Miss Dale since Monday afternoon, when she took her and her companions to the train bound for San Francisco, but in the face of this Deputy Sweeney and Van Devort laid before Sheriff Barnett facts which he believes are conclusive, that when she returned to the Warm Springs Hotel in the auto while his deputies were there she had just finished the round trip to San Jose, on the first lap of which the fair Miss Dale was her passenger.

Will Employ Rats To Lay Big Cable

Rodents with a String Around Neck to Help Telephone Workers.

CHICAGO, April 27.—A crate of twenty live rats will be shipped to the Rockford, Ill., telephone exchange today.

The rats are laying several miles of conduit, Frank Eby, manager of the telephone company explained. "The cable could be finished through by using a thick wire, but we understand that it is a quicker operation to use rats."

A light cord is fastened around a rat's neck. It is released at the mouth of the conduit. Instinctively it runs to the other end, where our men capture it. With the string we pull through a heavier cord and finally the cable."

TOKYO, April 27.—The condition of the Crown Prince, who has been ill with typhoid fever for some weeks, is serious.

STRENUOUS GREETING FOR NEWLYWEDS COTTAGE DECORATED BY BUSY JOKERS

East Oakland home of MR. AND MRS. JOSEPH A. BATHURST, whose friends decorated the Cottage while the couple were away on their honeymoon.

WELCOME HOME READS SIGN ON HOUSE

Old Shoes and Wedding Bells Grace the Exterior

WELCOME HOME MR. AND MRS. NEWLYWED.

In letters a foot high this sign stands over the doorway of a little cottage out in East Oakland, a cottage decorated to the queen's taste and that of the jokers. Placards three feet square inform the passerby that "WE JUST GOT MARRIED; WILL BE BACK SOON," with strings of literally dozens of old shoes suspended from the eaves. The house is waiting for the return of Mr. and Mrs. Joseph A. Bathurst, bride and groom of a week, who are now in San Jose on their honeymoon, expected back within a few days to take possession.

Married a week ago last night at the Church of the Advent, Episcopal, at Sixteenth street and Twelfth avenue, and departing immediately, the friends of the young couple at once proceeded to prepare for the home-coming in the manner mentioned. The cottage, which is at 1642 Bridge avenue, East Oakland, was taken possession of their new home about Tuesday of last week, and then their friends are planning for them a reception of which the present decorations are only preliminary.

Bathurst is an employee of the firm of J. T. Carrer & Sons of 707 Washington. Mrs. Bathurst, before her marriage, was Miss Sadie Lombard of 1139 East Fifteenth street.

DECORATE EXTERIOR.

But it was to the exterior of the house that the most attention was paid. On the eaves wash-tubs are hung, while all along the edges are every sort and description of old shoes. In between the placards mentioned are others, with storks, sketches of the young couple, wedding bells, intertwined hearts and the like. The Bathursts expect to take possession of their new home about Tuesday of next week, and then their friends are planning for them a reception of which the present decorations are only preliminary.

Senator Frye Resigns As President Pro-Tem

WASHINGTON, April 27.—On account of ill-health, Senator Frye of Maine tendered to the vice-President today his resignation as president pro-tem of the Senate. The senator is confined to his apartment and because of his advanced age his friends are apprehensive. It is probable that Senator Gallinger will succeed him as president pro-tem.

Alameda Girl to Attempt To Swim Across the Bay

ALAMEDA, April 27.—Miss Nell Schmidt, who ranks with Annette Kellerman in endurance swimming tests and high diving, will appear on the opening program of the Encinal Yacht Club Saturday afternoon, in swimming and high diving exhibitions. Miss Schmidt will execute the swan dive from a height of 60 feet.

Miss Schmidt's highest dive is 70 feet.

"I can dive higher than that," said the young swimmer today, "but I have never had a platform placed high enough for me yet."

Miss Schmidt has been in the water many times for eight hours. She will swim from the Oakland mole to San Francisco early this summer, being the first woman to attempt this feat. The young swimmer, who resides at the Cottage Baths in this city, is preparing for a professional appearance at several California amusement resorts this summer. Miss Schmidt will dive Saturday between the hours of 2 and 3 o'clock in the afternoon.

Thinks He Will Find The Head of Shakespeare

CHEESTOWN, England, April 27.—Dr. Orvet W. Owen, who is digging in the mud of the River Wyre for manuscripts which he believes were hidden there by Lord Francis Bacon, is after bigger game than has been supposed.

Today the American declared that the cipher which is guiding his operations reveals that Bacon killed Shakespeare and buried the Bard of Avon's head in the box which is now being reclaimed from the river bottom.

The top of what the American thinks is the hidden cache was reached by the sounding rods, but there is a considerable layer of clay to be removed before the logs or planking forming the cover can be removed.

Despite the contention of archaeologists that Dr. Owen is only excavating a structure used as a foundation for a Roman bridge, the investigator insists that everything tallies exactly with his cipher forecast.

'Lemon Sour' All He Took In Forty Days of Fasting

LOS ANGELES, April 27.—With the Biblical extract, Jeremiah 46:11, "In vain shalt thou use many medicines; for thou shalt not be cured," as an inspiration, Emil E. Kusel, of Ocean Park, yesterday finished a forty-days' fast in an attempt to cure a bad case of catarrh, and he claims he did it. The only thing taken into his stomach was distilled water, flavored with lemon juice. He suffered no pang of hunger after the third day, but was cold constantly. He lost 36 pounds during the ordeal.

Lorimer Dragnet Meshes 3 Well Known Chicagoans

SPRINGFIELD, Ill., April 27.—Lieutenant-Governor John G. Oglesby signed today the warrants for the arrest of Edward Tilden, W. C. Cummings and George M. Benedict, ordered yesterday by the senate.

The warrants were not signed last night because Lieutenant-Governor Oglesby and Attorney Geo. Healy of the committee desisted to hold a conference regarding legal form of the papers. At Mr. Oglesby's suggestion the warrants as drawn by the committee were redrafted to make more certain the essential features.

Deputy Sergeant-at-Arms Hatfield will arrive in Chicago at 4:55 p. m. today.

Aeroplanes to Be Thick At National Capital

WASHINGTON, April 27.—Aeroplanes, it is said, soon will be such a common sight in the national capital that people will no more think of looking at them than at a gray horse.

Brigadier-General James Allen, chief of the army signal corps, is making plans for an army staff of aeroplane experts. Grounds will be leased where daily flights will be made.

Lieutenant Benj. D. Fowles, now on duty along the Mexican border, will come here to instruct officers in flying.

'Black Hand' Bomb Wrecks Chicago Bank

CHICAGO, April 27.—A dynamite bomb was exploded in the doorway of the Oak Savings Bank, owned by John Devoney, an Italian, at 946 Wells street, at 3 o'clock this morning, tearing a hole one foot square in the iron plated door, breaking all the windows in the four-story building and throwing the occupants of the upper stories out of their beds. Devoney told the police that he had received several threatening letters recently and the bomb is believed to have been thrown by the "Black Hand."

M'MANIGAL IS UNDER FIRE

Prosecution Hints at Confession After Questioning Prisoner for Hours

'I'm Innocent,' Cries Union Labor Secretary in Message to World

LOS ANGELES, April 27.—District Attorney Fredericks stated this afternoon that Mrs. Ingersoll, the San Francisco lodging house-keeper, had positively identified James B. McNamara as the much-wanted "J. B. Bryce" when she saw the former in the county jail office today. There was no further doubt on this point, said the District Attorney: Bryce was indicted by the Los Angeles Grand Jury charged with being one of the purchasers of the dynamite in San Francisco and the man who actually placed the bomb in the Times office.

Ortie E. McManigal emerged from the District Attorney's office shortly after 1 o'clock this afternoon after being closeted there for several hours.

"Did McManigal confirm his 'confession'?" was asked of Fredericks.

"Well, you won't be sued for libel if you say that he did," was the significant reply.

Shortly after 1 o'clock Ortie E. McManigal, accompanied by Sheriff Hamilton, Deputy Sheriff Aguirre and several other officers, emerged from the district attorney's office. The district attorney also came out a short time later.

LONG CONFERENCE.

The conference, in which McManigal was evident ythe central figure, had lasted for several hours.

"Did McManigal confirm his former 'confession'?" was asked of the district attorney.

"Well, you can say for publication that when the district attorney came from the conference he did not look disappointed or dejected," was Fredericks' evasive reply.

"Then if I said that McManigal had repeated his 'confession,' I would not be printing a lie, would I?" pursued his interviewer.

"You won't be sued for publishing a falsehood—that's certain," said the district attorney significantly.

AGAIN LOCKED UP.

McManigal was returned to his cell and locked up. There was present during the conference in addition to the one named, Detective J. J. Smith, assistant manager of the Chicago detective agency, which accomplished the capture, and three or four other detectives.

No further confirmation could be had at the time concerning McManigal's reported new confession, nor were any details of it obtainable.

A young woman stenographer was seen to emerge and re-enter the district attorney's office frequently during the course of the long interview.

It was at the time that he came from the conference that District Attorney Fredericks announced that Mrs. D. H. Ingersoll, the San Francisco lodging house keeper, had positively identified James B. McNamara as "J. B. Bryce," the much-wanted man who is alleged to have bought in San Francisco the dynamite which was placed in the Times office and who is also accused of being the man who actually placed the bomb in the building.

"Mrs. Ingersoll positively identified James McNamara as 'Bryce,' and there is no doubt about it," said the district attorney.

As a further indication that McManigal has made very complete revelations to the district attorney, the latter stated this afternoon that McManigal would have no attorney and would refuse to be interviewed by an attorney.

"Is that to be taken as an indication that McManigal will go free for turning state's evidence?" was asked of Mr. Fredericks.

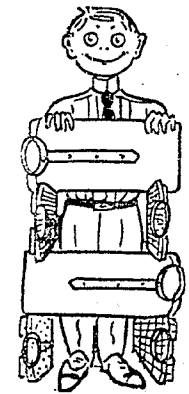

"Not by a d-d sight," was the emphatic reply of the official.

MESSAGE TO MOTHER.

John J. McNamara this afternoon sent another dispatch to his mother, Mrs. M.

DEFENDS USE OF SACRED PICTURE

**Manager Ebey
Invites Clergy
to Theater**

Editor TRIBUNE: My attention has
been called to a communication in THE
TRIBUNE of April 26, dealing with the
use of a picture of Christ in a vaude-
ville act on the stage of our theater.
The writer of this communication pro-
fesses surprise that the picture of
Christ should be found on the stage, or
that any use of the picture should be
made in any connection in a theater.
He calls upon the clergy of the city to
take notice of the circumstance and sug-
gests that church people in general be
informed of what is taking place so
that they may take proper action re-
specting it.

This is all most remarkable. It ap-
pears from the communication which
you published on April 26, that Mr. Led-
erer, a globe-trotter apparently, and also
a man of the world, never had heard
of the use of the figure or character or
picture of Jesus Christ in a stage pro-
duction.

It is possible that he never heard of
the Passion Play in Europe, in which
not only the figure of Christ, but the
figures of the Apostles and other Biblical
characters that are held sacred by many
church people, are used in the Passion
Play, where the scenes in connection
with the life and death of Christ are
staged in realistic fashion?

This is only one of the instances I
might mention wherein the figure of
Christ is made use of to excellent ad-
vantage in stage productions.
The writer of the letter to THE TRIB-
UNE who criticizes the use of Christ's
picture in the vaudeville sketch of Mr.
and Mrs. Sidney Drew desires that the
church people of Oakland take this mat-
ter up at once.

Nothing could please the proprietor of
this theater more than to have such
action taken, because there could be but
one result of such action. What I mean
is, that the average sane and thought-
ful person who sees the performance of
Mr. and Mrs. Sidney Drew in their play,
"The Still Voice," wherein appears a
picture of Jesus Christ and also where
are heard the words of Christ spoken
by a mysterious voice, could not fail to
notice the reverence with which every
detail of this sacred play is handled.

We should be glad to have the clergy-
men occupy seats at any performance
while this play of Mr. Drew's is being
produced, so that they could see for
themselves how reverently these matters
are handled on the stage and with what
rare art, intelligence and good taste Mr.
Drew makes use of the words of Jesus
Christ to garnish his play.

PLAY IS REVERENT.
I do not see how it would be possible
for any man to take exception to the
sayings of Christ in the use of the voice
that is supposed to represent Christ on
the stage, nor the entire tone of the play,
which is a play in now being produced
but one aim—that being, the teaching of
a lesson exactly in accord with the lesson
that Jesus Christ taught in the Sermon
on the Mount. If there was anything
flippant or careless or trivial in this play
wherein the picture of Christ appears
it would all be different, but such is not
the case. It is a serious, sober play,
performed by intelligent and serious
actors, and the result of it should be
one for ministers to extend congratula-
tions rather than criticism.

I am so sure that these congratula-
tions would follow a visit to the Orpheum
theater, that the play is now being pro-
duced that I hereby, through the medium
of THE TRIBUNE, desire to extend a cor-
dial invitation to every clergyman of
Oakland to be the guest of the Orpheum
while this play is being produced and
have issued instructions to the box of-
fice men to provide any clergyman who
comes with a private box at any per-
formance with a reserved seat in the
play, "The Still Voice," on the boards of
the Orpheum Theater.

GEN. MADERO'S TROOPS ARE DESERTING

Long Continued Armistice Is
Not Relished by Mexican
Rebels.

EL PASO, April 27.—That Fran-
cisco I. Madero is having trouble
with his army is evident by a hand-
bill circulated Wednesday afternoon
in the rebel camp of Ciudad Juarez.
It appears that the armistice is
causing many insurgents to desert
the camp and that a few more days'
leave makes a material difference.
Discipline, which never has been up
to par, is to be increased by the
new rulings.

ARE CROSSING BORDER.

"It is known," runs the circular,
"that some are passing to the Amer-
ican side, which is a grave fault, it
being a desertion from the Army of
Liberty in moments of supreme im-
portance. Dignified attention is
called to the following results of such
action: 'Any deserter from the Army
of Liberty may not return to Mexico
at the triumph of the revolution with-
out suffering the penalty of five years
as dealt out to deserters.'"

MAY BE IMPRESSED.

"Many others have passed to the
American side without being recorded
in the immigration office, and so by
not having complied with the laws of
the United States they can be made
to return to active service by the
authorities of the United States, where
they may be made prisoners by
General Navarro and made to
accept service in the federal
ranks."

The communication is signed by
Madero. "The Provisional President
of Mexico."

Madero Has Agreed to 5-Day Extension of the Armistice

EL PASO, April 27.—Francisco I.
Madero agreed today to an extension
of the armistice for another five days
while peace is discussed. Mexico City
has already agreed to the extension.
The same provisions as agreed upon
last Sunday will remain in force.

TELLS WHY CANDIDATES WERE NOT AT MEETING

J. F. Swart, vice-president of the old
Third Ward Republican Club which has
been criticized on the ground that it did
not invite all the Republican candidates
now before the people to address its
members at its meeting, stated to a
representative of THE TRIBUNE today
that the candidates whose names had
been printed in this paper as having been
invited to address that organization at
its meeting last night, were really not
invited. He said that the club had
invited, he declared, was wholly un-
authorized and was extended by some
person who had no authority to do so.
The club, he said, was a non-partisan
organization, regardless of the fact that
it bore the word "Republican" in its
title.

In the criticism of the organization,
special mention was made to the fact
that the names of Anderson, Stachler
and Fredericksen, who are also running
for commissions, had not been included
among the speakers who were to appear
before the club at its last night's meet-
ing.

Another meeting will be held a week
from Friday night, Mayor Mott will be
among the speakers.

EVANGELIST WILL CONTINUE ANOTHER WEEK

The interest continues in the revival
meetings conducted by Billy Williams at
the Union street Presbyterian Church.
Last night it was decided to have the
drummer preacher stay another week.
The subject last night was "No Room
for Us Here." This afternoon at 7:30
the evangelist spoke in the Calvary Epis-
tolic Church, subject "Ancestry." He will
continue his talk on "Ancestry" in the Cen-
tral Methodist Church tomorrow at 7:30.
The subject tonight will be "Trimming
Up," an exposition sermon of the parable
of the ten virgins.

At the children's meeting yesterday,
thirteen boys and girls professed con-
version.

OLD RESIDENT OF OAKLAND IS DEAD

John E. Holmes Passes Away
After Career of Eighty
Years.

John E. Holmes, an old resident of
Oakland, is dead at the home of his
daughter, Mrs. Mary E. Elford, in Myrtle
street, with whom he had resided for a
number of years. He passed away yes-
terday morning at the age of 80 years.
Mr. Holmes was a French Canadian by
birth and a widower, his wife, Ann
Holmes, having died last July. She was
81 years old. He had one son, John E.
Holmes, Jr., who for a number of years
was employed in the mechanical depart-
ment of THE TRIBUNE, and who died
in August, 1909.

Holmes came around the horn from
Boston in 1855 with his wife and settled
in Oakland, which was a village at that
time. A year later his children followed.
He resided here continuously ever since
and numbered among his friends the
greater part of the community in which
he lived. There survive him many who
will regret to hear of his death.

Mrs. Elford is now the only surviving
immediate member of the family. She
attended both of her aged parents in al-
l the illness through which they passed
during the declining years of their lives.
The funeral of Mr. Holmes will take
place tomorrow afternoon at 2 o'clock
from her residence.

Aviator Walker Is Financially 'in the Air'

Curtiss Biplane Attached for Al-
leged Debt; Suit Brought
to Recover \$1240.

SAN FRANCISCO, April 27.—Clarence
H. Walker, the young aviator whose en-
gagement to Miss Caroline Elven was re-
cently announced, is financially up in the
air through no fault of his own, he
claims.

His big Curtiss biplane at Ravens-
wood was yesterday attached by Sheriff
Joel H. Mansfield of San Mateo county
at the instigation of Attorney Kenneth
M. Green, who, representing O. F. Allred,
has brought suit in the superior court for
\$1,240.80. Charles Blake, a mechanic,
has assigned a claim for \$366.65 to Allred.
Mr. E. Bready, who for fourteen years has
been caretaker of the palatial Walker
home, who alleges that the young avi-
ator owes more than \$800, has taken
similar action. There are other minor
claims.

Walker is the son of the late David
F. Walker, who at the time of the fi-
nancial crash was president of the Cal-
ifornia Safe Deposit and Trust Company.
The joint holdings of Mrs. Althea Wal-
ker, the widow, and the Walker state are
in the neighborhood of \$1,500,000.

Heiress of Copper King Races Death

ST. PAUL, April 27.—A special train
with Miss Helen Daly, daughter of the
late Marcus Daly, the "Copper King" of An-
conconda, Mont., on board, passed through
St. Paul today, rushing the young lady to
New York City, where an operation will
be performed which it is hoped may result
in saving her life. Secrecy is maintained
about the nature of the young woman's
ailment. Two physicians and a corps of
nurses are on the train.

IRON IN THE BLOOD

is an essential element to health.
When it is insufficient or lacking there
is a dearth of red blood corpuscles, which
causes anemia and a run-down condi-
tion of the entire system, with conse-
quent bodily weakness.
In order to restore the blood to a
healthy condition, iron must be sup-
plied in an easily assimilated form. We
guarantee this may be done by Vinol,
our delicious cod liver and iron tonic,
made without oil.
This combination of two world-famed
tonics restores to the blood the elements
lacking, to make rich red blood
which imparts strength and vitality to
every organ in the body.
J. Edmund Miller, of New Haven, Conn.,
says their little girl had been frail and
sickly ever since her birth. Vinol was
recommended and they tried it, and
immediately noticed an improvement in
her condition. They continued its use and
it built her up, until they cannot recom-
mend it too highly to build up a weak-
ened system. The Owl Drug Co., Oak-

JOAQUIN MILLER CLAIMS TENANTS MAKE TROUBLE

Efforts to Collect Rent and Obtain Re-
ceipts Said by Poet to Have Been
Resisted

Fearing that in the event of his death
his beautiful home, "The Heights," may
be seized by a number of persons claim-
ing "squatter rights," has led Joaquin
Miller, poet and philosopher, who for the
last quarter of a century has allowed
business affairs to be relegated to the
back of his mind, to attempt to straighten
out his interests. With that end in view,
each day, accompanied by his wife and
daughter, Joaquin visits the various
cottages on the estate which have been
occupied by persons directly or indirect-
ly dependent upon him, demanding from
them receipts in full for any claims that
they may have. In one or two instances
he has been forced to attempt to settle
with persons claiming leases and
oral agreements for privileges that have
not yet expired.

WALKS OVER ESTATE.

Far from being at the point of death,
as was reported yesterday afternoon, the
poet was found today walking among his
trees and gardens accompanied by his
daughter, who is his constant companion
and attendant. One of the cottages he
visited today was occupied by an elderly
woman, an artist, who, accompanied by her
husband, had been occupying the cottage
there nearly four years ago. Nothing was

said as to rent at the time, is the poet's
claim, and now that he seeks to get con-
trol of the house for relatives who are
expected to arrive at "The Heights" in
the near future to spend the summer
there, he has been denied surrender.
"It is not that Joaquin wishes to be
harsh with these people," said Mrs. Mil-
ler in explaining the situation, "but they
have lived here for a long time at no cost
to them, have enjoyed every privilege
have had the use of the studio and other
advantages and as they are now able to
maintain quarters elsewhere and as we
need the room we feel that they should
go."

THREATEN SUIT.

"There are one or two other such in-
stances on the estate and unless the per-
sons move away by the first of the
month, legal steps will be taken to oust
them from the premises."
In all of these details the poet is a
prime mover and as if to make up for the
lack of methods by which he conducted his
affairs during the time he spent in writ-
ing verse and planting trees and shrubs,
building roads and cottages, he has now
undertaken the task, which, according to
the opposition with which he has met so
far, bids fair to involve further diffi-
culty.

MAYOR AND MAYOR-ELECT OF BERKELEY AT BANQUET

BERKELEY, April 27.—Mayor Beverly
L. Hodghead and Mayor-elect J. Stitt
Wilson were among the citizens who
spoke and listened to discussion of the
proposed \$1,340,000 municipal bond issue,
to be voted upon May 6, at a public din-
ner and meeting arranged by the cham-
ber of commerce last evening at the Ho-
tel Shattuck.

Following a dinner which was served
from 7 to 8 o'clock to more than three
score local business men and public-spirited
citizens, President C. C. Juster of the
chamber of commerce explained that the
meeting was called for an open discus-
sion of the bonds, and offered the sugges-
tion that after the gathering had heard
the merits of the project the body go on
record as endorsing some or all of the
bonds.

Mayor Hodghead was introduced as the
first speaker. He said, in part:
"The city is \$340,000 in debt. The assessed
valuation of the property in the city is
\$35,000,000. This allows the city a bond-
ing capacity of five and one-half mil-
lions, and means if the bonds, amounting
to a little more than a million, are car-
ried there will still remain a bonding ca-
pacity of four million, enough to build
and equip a municipal water plant should
the city vote in favor of doing so."

"The tax rate at the present time for
the city's bonding indebtedness is six
cents, and the new bonds would increase
this rate nineteen cents, which would
amount to about \$70,000 for forty-year
bonds. An addition to this rate of ten
cents would be necessary to meet the
cost of maintenance, so, roughly
speaking, the bonds will mean an increase
of about thirty-five cents on the rate, or
about one-half of the present tax rate."

SCHOOL BONDS.

Professor W. C. Morgan of the univer-
sity, a member of the school board,
was called upon to outline the school
bonds.
"In asking for \$400,000 for school pur-
poses the school board feels that every
item specified is necessary," he said. "If
we divide the city into four equal parts,
we have four high schools, so located as to
be in the center of the other schools, and
these new buildings would take care of children
for years to come."

C. F. Wieland followed Prof. Morgan
with a few words in favor of the play-
grounds, saying in part:
"The city must bond itself for neces-
sary improvements, but a sound financial
policy would have in view the issue of
bonds for productive municipal equip-
ments. By this means we would save
our people money as citizens, and save
the city money for light, water and
other necessities. Thus our payments
on non-producing bonds would not fall
upon us with so great weight."

"Our school bond issue is imperative
and cannot wait the larger policy. By all means let us carry
these."

As to the other bonds, my attitude
is that we should vote for every neces-
sary—the incinerator, fire and police pro-
tection, and the little playgrounds around
the schools."

Among those in attendance were:
Mayor Beverly L. Hodghead, J. T. Tru-
man, H. K. Thornton, R. J. Tru-
man, H. Heacock, E. W. Linforth, C. F. Wie-
land, Wm. T. Wasson, J. Stitt Wilson,

The greatest possible interest was
manifested in the proceedings, and at the
close of the session the sentiment was expressed
that the meeting had been productive of
great good in developing a better under-
standing of the needs of the different
departments of the municipal govern-
ment.

Sentence.

SEATTLE, April 27.—Governor Hay
yesterday pardoned Rev. E. B. Sutton,
the aged Presbyterian clergyman con-
victed of fraudulent registration during
the Gill recall campaign. Sutton, who
was an election clerk, corrected an error
in a name on the books and also regis-
tered a woman unable to come to the
registration office and who asked him to
record her name. Sutton had not been
sentenced. He had no idea he was vi-
olating the law, he said.

since told her parents that she will
remain at home and try to forget her
affection for Dr. Byron. Dr. Byron
has only partially recovered from the
effect of his wound.

There is a possibility that Patrick
may plead guilty before the Superior
Court and ask for probation. Any de-
fense that he might make based upon
the "unwritten law" that he had a right
to defend the honor of his daughter
would entail the dragging into public-
ity of the sorry tale of the relations
between the physician and the girl.
This the father may wish to avoid,
unless his desire to compromise Dr.
Byron as far as possible leads him to
carry the matter before the judge and
the public and air the whole affair.

OAKLAND BOOSTS FOR 'RAISIN DAY'

Chamber of Commerce Aids in
Exploiting Fresno
Output.

The Chamber of Commerce is actively
co-operating with the Fresno "Raisin
Day" committee to make "Raisin Day,"
scheduled for next Saturday, a success
so far as Oakland is concerned. The
railroads will also lend a hand in boost-
ing the raisins of California in every
part of the country by giving promi-
nence to edibles containing the Califor-
nia product on the menus on Pullman
dinners.

The local restaurants and hotel grills
will boost the California raisin next
Saturday by incorporating an exhaustive
list of raisin breads, cakes, cookies, pies,
puddings and buns in their bills-of-fare.
The fact that raisin ice cream is a deli-
cacy will not be forgotten.

The Chamber of Commerce has a neat
little folder containing numerous re-
cipes in which raisins are used to ad-
vantage, gotten out by the Fresno com-
mittee, which is free for distribution.

METHODIST PARSONAGE
TO BE OPENED FORMALLY

The new Grace Methodist Episcopal Church parsonage, which was erected about a year and a half ago, will be dedicated Friday evening with interesting ceremonies. The services will be presided over by Rev. W. M. Rickard, pastor of the church. Addresses will be delivered by Rev. George W. White, pastor of the First Methodist Episcopal Church, and Rev. S. D. Hunsinger of Berkeley. Musical numbers will be furnished by the choir. The exercises will be in the nature of a house-warming and will be attended by the members of the parish and their friends.

The parsonage, which is located at Thirty-fourth and Market streets, cost \$6000.

Fair Students of Mills College Will Crown May Queen Saturday Afternoon

Some of the Mills College girls who will participate in the May Day Festival to be held at the college on Saturday next.

Probably the most festive occasion of the year is the May-pole dance and crowning of the May Queen at Mills college, and Saturday next the campus will be thrown open to the public by the entire student body of Mills, who will take part in the spectacle. There will be a pageant, numerous dances, crowning of Queen, and May pole dance, the many fancy costumes, with pretty faces and a lovely green campus as a background combining to entertainment truly diverting.

The program begins at 2:30 o'clock in the afternoon with the picturesque pageant, which will form just back of the Campanile, marching to an accompaniment of song to the campus in front of Mills hall. Here will be located the lower of the May Queen, who, in stately dignity, will receive the homage that is her due. The chorus of forty voices will sing an

appropriate anthem while their young Queen and then she will be crowned. At the close of this royal ceremony, forty-eight young women, garbed in old English costumes, will dance the stately Verona minuet, which will be one of the prettiest features of the program.

Other miscellaneous dancing numbers will follow, among which will be the Grecian dance, seven girls; fairy dance, seven girls, and the Spanish dance, twelve girls. The costumes of these groups are very pretty and contrast greatly in style and color. The dancers have been coached in their various numbers by Miss Hagelthorn, the physical instructor, and their evolutions are particularly graceful.

The members of seminary class will use this occasion for celebrating their last days at the college. Some may take up the college courses, but opportunity for seminary teaching will never again be had at Mills.

Hence the fellow students of the college will tender them a pretty farewell on the campus and elsewhere. The minuet dancers will close the day's festivities by winding the May-pole, while the balance of the students join in song and chorus.

Helen Burbank, one of the most attractive girls in the college, will be the May Queen, and her attendants will be Grace Fowler and Arleen Lundy. Doris Foote will act as herald. Edna Canfield has charge of the music and will direct the choruses, and the Misses May Mohn, Edna Fowler and Charlotte D'Evelyn will be the entertainment and campus committee. The seniors will serve refreshments in a pretty grove near the campus.

The public is welcome to enjoy the day with the Mills girls, and those wishing to attend may take the Mills college car at Twelfth and Broadway at 1:38 o'clock.

RAILROAD MAN WRITES REMARKABLE LETTER

In 1903 and 1904 I was a terrible sufferer for about five months with kidney and bladder trouble. I could not sleep nights and was obliged to get up ten or fifteen times to urinate. I passed mucus and blood continually. One doctor said I was going into consumption and gave me up to die. Had two other doctors, but received no help from either of them and am sure I would have been in my grave had I not seen your advertisement in the "Daily Eagle Star." After taking several bottles of Dr. Kilmer's Swamp-Root I was entirely cured.

Yours very truly,

DRAINAGE SYSTEM TO BE DISCUSSED

Niles Committee to Meet the Delegates From Other Towns Next Week.

NILES, April 27.--Next Monday evening J. B. Barnard, Dr. C. L. McKown and W. Caterlin, a committee of three appointed by the members of the local Chamber of Commerce to interview similar committees from the Centerville and Newark chambers in an effort to obtain the consensus of opinion of residents of the three towns in regard to forming a new sanitary district, will hold a meeting in the Centerville.

In the forming of the new district it is thought that a sum from \$75,000 to \$85,000 will be needed for the mains alone. By bonding the three cities, enough money could be collected to install a system that would last for at least twenty years.

NILES HAS TITLE 'SPOTLESS TOWN'

Fair Sex Succeeds in House Cleaning, With Everybody Helping.

NILES, April 27.--Niles is now the spotless town. The streets and alleys and even the vacant lots have been gone over with a fine-tooth comb and every paper, tin-can and piece of cloth has disappeared. One of the members of the local Chamber of Commerce explains the situation by saying "Even a bitly goat could not find a square meal on any street or lot."

The women's clubs started the ball rolling. Urged by the fair sex, the members of the Chamber of Commerce soon took an interest in the work and soon even the railroad was at work.

HAYWARD SEEKS BIG SCHOOL SITE

Out-door Course Will Call for Extensive Tract of Land.

HAYWARD, April 26.--Through the medium of the local press the residents of Hayward are urging the purchase of an extra large tract of land as a school site. With the various outdoor courses which are being given in every school and the great interest which is being taken in outdoor sports, it is declared that the present grammar or high school should be well endowed with plenty of room.

In asking for twelve acres for the new school site, the high school trustees are being highly commended by all who are looking forward to the time when Hayward, like many of the other valley towns, will be densely populated and the price of land will be higher.

MERCHANTS JOIN HAYWARD CHAMBER

Strenuous Campaign Results in Healthy Growth of the Organization.

HAYWARD, April 27.--Owing to the rapid growth of the Hayward chamber of commerce, due to the strenuous campaign of the membership committee composed of Senator E. K. Strobridge, J. B. Parsons, F. R. Lemos, S. C. Smith and A. W. Beam, one of the largest meetings since the founding of the institution will be held tomorrow night. At this meeting further plans will be drawn up for the benefit of the hard-working membership committee and the by-laws and constitution will be revised. The committee on the by-laws and the constitution, consisting of Peter Wilbert, J. S. French and F. S. Allen, have been working hard on a new set which will fit the rapidly growing need of the organization. The celebration to be held in Cherryland, some time within the next month will also come up for discussion, and the members will be asked for their opinion on whether it would be advisable to hold it at this time of the year. A Montgomery, owner, has promised to furnish all the residents of the town with blossoms with which to decorate their homes. It is possible that he will hold the celebration even if not with the sanction of the chamber of commerce.

RAIN BREAKS UP OUTDOOR SCHOOL

Niles Pupils Driven to Shelter; Will Convene in Church.

NILES, April 27.--When the principal of the Niles school ordered the teachers to take their pupils out of the school so that the rooms might be fumigated to stay progress of typhoid germs, they made no provision for teaching other than to set up the desks under the spreading trees in one of the vacant lots. Old J. Pluv was not even reckoned with and yesterday afternoon that old fellow took a notion that he would like to show them a lesson that was not taught in school, and proceeded to cut loose his rain clouds.

There was a hurry and a bustle to get to shelter. Books and pens were left behind. Examinations and reading lessons were forgotten and even the class tenses forgot to pull the hair of the girl who sat nearest him. May everyone of the teachers and pupils were drenched by the downpour and the classes had to be abandoned for the day. The physicians in charge of the fumigating expedition have the buildings ready by next Thursday. In the meantime class will be held in the Niles Congregational Church.

INDICTED RAILROAD TO BE SERVED AT ONCE

Charges of Rebating and Conspiracy Will Be Heard in Courts.

SUITS PLANNED TO COLLECT PENALTIES

The Lake Shore, Pennsylvania, Bessmer and Lake Erie Under Cloud.

CLEVELAND, April 27.—Following the indictment yesterday on charges of rebating and conspiracy of four railroads entering Cleveland on D. T. McCabe, fourth vice-president of the Pennsylvania Railroad company, and Dan R. Hanna, president, and on P. L. Trevelyan, second vice-president of M. A. Hanna & Co., United States District Attorney W. J. Day announced today that summons would immediately be served on the indicted corporations and that at least one of the indicted individuals, Hanna, would appear before the clerk of the United States district court today and give bond for his appearance in court.

SUITS TO BE BROUGHT.

Day also announced suits will probably be brought to collect from the indicted persons and corporations penalty provided for in the Elkins act. Triple the amount of money proved to have been rebated can be collected by the government. It is Day's opinion the case will not come to trial before the 1911 fall term of court.

GREAT INTEREST IN BIG AUCTION

\$500,000 Sale of Downtown Property Means Many Improvements.

The interest of outside capitalists in the growth and development of Oakland was never better illustrated than the number of inquiries coming from parties within the state regarding the half-million dollar auction of the business property around the Bankers' hotel on next Wednesday. Several San Franciscans interested in the property, similar to the condition that existed around the St. Francis hotel on which site formerly stood the old Calvary Presbyterian church. Now the center of part of San Francisco's latest stores, the Post street, on which the hotel fronts, is one of the best paying property income streets from small stores and smaller hotels in the city.

A Los Angeles investor said it was almost an exact duplication of the wonderful district around the Lankershim of that city, although that hotel was less than one-fourth the value of the Oakland hotel.

The old but true axiom of business that one development brings another is well illustrated in both of these cities where fortunes were made by the several property interests, namely the Huntington, Garland, Billcock, Rowan and Hamburgers of Los Angeles, the Crocker, Dohrmann and hosts of others in San Francisco.

CONFESSION OF M'NAMIGAL DENIED

Attorney Declares Prisoner Has Not Said That He Admitted Crimes.

Hilton Admits That Accused Is Likely to Confess to Prosecutor.

(Continued From Page 1)

T. McNamara of Cummingsville, O. This telegram read: "We are absolutely innocent. Confident acquittal. Receiving every attention. (Signed) 'JOE'." The signature "Joe" is McNamara's middle name.

"I am Innocent," Cries McNamara in Statement to World

LOS ANGELES, April 27.—John J. McNamara, secretary-treasurer of the International Bridge and Structural Iron Workers Association, from his cell in the county jail, where he is confined on the charge of wholesale murder and dynamiting, today gave his first authorized personal opinion of his arrest in a statement which he wrote and sent out to the Associated Press by his attorney, O. N. Hilton. The statement follows:

To the Brotherhood of Organized Labor in California and the United States: In this second attempt to crush and discredit the cause we represent, I realize fully the desperation of the enemies of labor arrayed against us, but I am of good heart, for it will fall.

That I am innocent of any infraction of the law in word or act needs no emphasis from me, for the truth is mighty and will prevail right speedily, and for it I shall contentedly wait.

I send to all brothers and friends of union labor the world over my warmest and affectionate greetings, with the assurance that there is no villainy or conspiracy possible of which we are afraid.

I am also confident that it is not asking too much of the public to suspend judgment in these matters until opportunity for a full and fair defense has been afforded.

(Signed) J. J. McNAMARA.

Ortie E. McNamara today became the center of interest for the attorney of both prosecution and defense as soon as the prisoners had their breakfast.

HILTON SEES McNAMIGAL.

Attorney O. N. Hilton of the Western Federation of Miners was first on the ground and he went directly to McNamara and propounded this direct question:

"Did you or did you not make a confession of any dynamite-conspiracies involving yourself and the two McNamaras?"

Hilton said he did this to forestall the apparent efforts of the prosecution to introduce a "Harry Orchard" into the present case.

McNamara, he asserted, declared in reply, in the most unequivocal terms that he had made no confession, that he did not intend to make one, and that statements purporting to be a confession were absolutely false.

This declaration, said Hilton, was made in the presence of witnesses, and although McNamara was taken before District Attorney Fredericks within half an hour after he made the statement, the labor attorney declared that the effect of any alleged confession would be vitiated.

CLOSETED WITH PRISONER.

After McNamara was taken into the district attorney's office a stenographer and notary were summoned and

prisoner and prosecutor remained closeted for several hours.

"They are putting the screws to McNamara," said Hilton, "and I will be surprised if they don't come forward with an alleged full confession in that the Times plant was blown up by dynamite bombs. But," he added, "we have killed the effect of that."

After interviewing McNamara, Attorney Hilton saw James McNamara. The latter, he said, told him all about the visit Mrs. D. Trevelyan, the San Francisco boarding house keeper had paid him earlier in the day for the purpose of making positive her identification of him as J. B. Bryce, the dynamite conspirator.

DENIES KNOWING WOMAN.

"District Attorney Fredericks called me to the bars," McNamara is quoted as saying, "and asked me when I wanted to be arraigned. This was a stall."

"There was a woman with him. I never saw her before, and if she knew me she never made any sign. 'If that was Mrs. Ingersoll I do not know her and never saw her in my life.'"

Hilton then summoned John McNamara into the conference room of the jail, and after a short statement to the Associated Press the accused union leader gave the attorney a message to send to his mother, who lives in Cummingsville, a suburb of Cincinnati.

"I am in good spirits and health and am comfortable," the message read. "There is nothing to worry about."

DARROW DUE ON MONDAY.

Hilton said that all three of the accused men seemed pleased when told that Clarence Darrow, the Chicago attorney, was coming to join counsel for the defense.

"Mr. Darrow probably will arrive Monday," said Hilton.

There were reports that the district attorney would insist on arraigning the prisoners before Presiding Judge Bordwell of the superior court tomorrow, but Attorney Hilton declared that if Fredericks did he would ask Judge Bordwell to defer the arraignment until all counsel for the defense could be present in court.

It is probable, therefore, that the arraignment will not occur until next Monday or Tuesday.

Another important identification which officers expect is that of Ortie McNamara as the man who occupied a room at the Hotel Rossier in San Francisco, arriving on December 19 and departing December 26, the day following the dynamite explosion at the Llewellyn Iron Works.

Officials said that Geo. Hart, one of the hotel proprietors, is positive he has seen McNamara before and believes he was a guest at his hotel. It is declared that the man was absent from the hotel the night of the explosion and returned to his home a half hour after the explosion.

Union men here are planning to give expression of their sympathy and support to the three men, but are delaying calling at the jail until the attorneys engaged to sue judgment in these matters until opportunity for a full and fair defense has been afforded.

(Signed) J. J. McNAMARA.

Ortie E. McNamara today became the center of interest for the attorney of both prosecution and defense as soon as the prisoners had their breakfast.

HILTON SEES McNAMIGAL.

Attorney O. N. Hilton of the Western Federation of Miners was first on the ground and he went directly to McNamara and propounded this direct question:

"Did you or did you not make a confession of any dynamite-conspiracies involving yourself and the two McNamaras?"

Hilton said he did this to forestall the apparent efforts of the prosecution to introduce a "Harry Orchard" into the present case.

McNamara, he asserted, declared in reply, in the most unequivocal terms that he had made no confession, that he did not intend to make one, and that statements purporting to be a confession were absolutely false.

This declaration, said Hilton, was made in the presence of witnesses, and although McNamara was taken before District Attorney Fredericks within half an hour after he made the statement, the labor attorney declared that the effect of any alleged confession would be vitiated.

CLOSETED WITH PRISONER.

After McNamara was taken into the district attorney's office a stenographer and notary were summoned and

McManigal. "That is the price for all such jobs."

"Do you know J. B. McNamara?"

"Yes."

"How long?"

"About a year and a half." Then McNamara began telling about himself and said he did not think he would talk any more.

"All right, Mac," said Brains. "I am not trying to coerce you. Do as you like about it. That's your right."

"Then," McNamara said, "I'll tell all about it," concluded McNamara.

SUBJECT DROPPED.

The subject was dropped and never taken up again during the remainder of the trip.

Mrs. D. H. Ingersoll of San Francisco, whose lodging house the Mrs. Ingersoll as J. B. Bryce, and who is charged with the actual work of dynamiting the Times building, was taken into the jail today to see if she could identify James B. McNamara as Bryce.

Mrs. Ingersoll and John D. Fredericks, district attorney, went to the office of the jail and waited there while Under Sheriff Brain went into the basement of the building and brought McNamara up from his cell.

To give Mrs. Ingersoll an opportunity to decide upon McNamara's identity Fredericks contrived a seemingly official conversation with the prisoner for several minutes. He informed McNamara of the latter's last statement going into details about having attorneys called in when he wished it and other formalities.

While McNamara was talking with Fredericks Mrs. Ingersoll stood on the side of the room apparently unserved by McNamara, and gazed steadily at the accused man. Brain said that not a semblance of recognition passed between them and it is decided that McNamara does not know what he was taken before the district attorney for.

DECISION UNKNOWN.

Mrs. Ingersoll left the jail with Fredericks, who is keeping to himself what Mrs. Ingersoll's decision in the matter of identity is. No one was permitted by the district attorney to see McNamara.

After their departure Job Harriman of Los Angeles and O. N. Hilton of Denver, attorneys engaged to defend the accused, were admitted to the jail and remained for a long time.

After being closeted with them for a brief period Harriman left the jail for about thirty minutes to reach a telephone. In that interim he made a short statement to the press to the effect that it was his opinion that the explosion of the Times building, and that he and his associates were prepared to prove it, regardless of public opinion.

He announced that when they had completed their conference they would make a public statement as to their plans.

Union labor leaders were expected to appear on the men today and assist them of their belief in their innocence and their intention of standing by them.

CHARGE IS MURDER.

Arthur Veitch, a deputy district attorney, announced definitely today in order to set aside conflicting reports that the charge against McNamara is murder, and that the accusation against McNamara brothers is murder.

Even if J. J. McNamara were not in California at the time the Times plant was blown up, the charge against him would be pressed against him, and according to the penal code, if it is found, as alleged, that he directed the crime, he will be punished as a principal.

Deputies in District Attorney Fredericks' office were busy sifting up on all matters pertaining to the case of Haywood, Pettibone and Moyer because of the analogy to those cases of the present one.

Burns Laughs at Kidnaping Charge Made Against Him

CHICAGO, April 27.—William J. Burns, the detective who brought about the arrest of the alleged dynamiters and was arrested in Indianapolis on a charge of kidnaping, today laughed at the charge and preparing to go to Los Angeles to prosecute the men he arrested.

Burns brought with him from Indianapolis two suit cases full of evidence, documentary and otherwise. He laughed at the kidnaping charges, and said he was known as a sympathizer with union labor.

"A talk of a frame-up is ridiculous," said the detective. "Any one who knows me knows better. I am a laboring man and I am sorry the men I arrested were connected with a labor union. I expect to be in Los Angeles within a week."

DENIES RUMOR.

CHICAGO, April 27.—Attorney Clarence Darrow denied again today that he had been retained as counsel for the labor union men accused of being dynamiters.

PAY LAST TRIBUTE TO AUTO VICTIM

The Funeral of Clarence W. Mattern Is Held This Afternoon.

The funeral of Clarence W. Mattern who met death in an automobile accident in Albany last Tuesday, was held today at the funeral parlors of D. J. James, 528 North Dearborn street.

Mattern was instantly killed when his machine went into a ditch, plowing him underneath. The funeral was held under the jurisdiction of the Oakland Order of Elks, and a large delegation from that lodge was present to pay their last respects to their former comrade.

Mattern had been secretary of the Trinity Rotary Club for the past two years. That organization prepared their regular meeting today in order to attend the funeral. The formal opening of the clubhouse of the Oakland Motor Club, at which Mattern was secretary, tonight has been postponed.

The funeral cortege left the funeral parlors at 2:30 and proceeded out Piedmont avenue to the Oakland crematory. Prominent members of the Elks acted as pallbearers.

The pallbearers were Joseph Sohn, Robert Martland, George Dyer, Norman Ellis, Frank Garrison, Chas. Reuter.

COUNTY INFIRMARY FUNDS AUDITED

Garrison Finds Accounts of the Institution in Good Condition.

County Auditor E. F. Garrison has just finished an exhaustive examination of the accounts of the county infirmary and finds that they have been correctly kept. He is the first auditor of Alameda county who has ever had complied with the law in regard to auditing the infirmary accounts and in this connection has directed the management of the institution to hereafter to see that all claims against the infirmary are passed upon by the board of supervisors, something that has never been done heretofore.

In this petty cash account Auditor Garrison found that the sale of pigs, calves, chickens and junk were kept intact and that it has been the custom to expend the cash of this fund in purchasing articles, which was contrary to the law. The law requires that all county officials holding money payable into the county treasury must make a settlement once a month, and the county auditor said this morning that in the future the infirmary management will comply strictly with this requirement.

During the audit the county auditor found that in many instances the infirmary management had ordered supplies outside of the county, which in his opinion should have been purchased through local dealers who contribute largely through taxation to the maintenance of the institution. He brought this to the attention of Superintendent Clark and expresses the belief that the abolition of the petty cash account, which will put all purchases up to the supervisors, will give local dealers all of this business that has been withheld.

When the Blood Is Purified With Stuart's Calcium Wafers.

TRIAGE PACKAGE SENT FREE. Pimples, blotches, eruptions, etc., simply disappear like magic when you shut off the supply of impurities which cause them.

Stuart's Calcium Wafers go into the blood through the same channel as food. They stimulate and nourish it. They destroy foreign and unnatural bodies found there and remove all impurities very quickly.

In many cases pimples and eruptions disappear from the skin in five days. These little wafers are so strong that immediately after they go into the blood their beneficial effects make themselves known. The blood is cleansed rapidly and thoroughly, the impure is separated from the pure blood and the waste matter and poisons are carried from the system.

The person who suffers the humiliation of pimples, blotches and eruptions should know and feel that the blood is bad, condition and delay is quite dangerous, and is liable to affect many organs quite seriously.

Purify your blood and you give nature the means to successfully fight all manner of disease. Calcium Sulphide is one of the ingredients from which Stuart's Calcium Wafers are made, and it is the strongest and most powerful blood purifier known to science. This wonderful purifier is endorsed by the entire medical profession and is generally used in all doctors' prescriptions for the blood and skin.

Stuart's Calcium Wafers peculiarly preserve the strength of Calcium Sulphide better than other methods—thus giving the most rapid cures owing to the purity of the ingredients and their freedom from decay, evaporation and chemical weakness caused by many latter day modes of preparation. Stuart's Calcium Wafers are sold by every druggist. Price 50c, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart, 175 Stuart Building, Marshall, Mich.

A PARTIAL ECLIPSE OF SUN IS VISIBLE HERE TOMORROW

Prof. Burckhalter, Astronomer at Chabot Observatory, States That Shadow Will Appear at 3 P. M.

The total eclipse of the sun tomorrow, to witness which English and German astronomical expeditions have journeyed to the South Sea Islands, will be visible in Oakland and other favored sections in the southwestern portion of the United States as a partial eclipse. In Oakland the shadow will make its appearance at 3 minutes past 3 tomorrow afternoon and will disappear at 35 minutes past 4, standard Pacific time. One-quarter of the sun's diameter will be covered at the greatest obscuration.

Charles Burckhalter, astronomer at the Chabot Observatory, who has given out this information, is prepared to observe the phenomena if the weather permits. He states that he has been looking forward to this event for years and hopes that the fog of the last few days will clear to enable him to make a good observation.

LOCAL OBSERVER READY.

"I went clear to Japan once," said Mr. Burckhalter, "to see a total eclipse of the sun, but saw nothing for my pains, the weather making an observation impossible. Therefore I am hoping that tomorrow will be favorable for seeing this phenomenon."

As the shadow of the sun without protection to the eyes, glasses will, of course, be used by any one observing it. Opera glasses can be safely smoked by holding them several inches above a bit of burning camphor. The glasses can then be turned on to the sun if there is enough smoke, giving the observer a better view. The soot can then be wiped off without injuring the glasses.

DISCUSS PHENOMENA.

WASHINGTON, April 27.—Observers of the celestial spheres are today discussing the eclipse of the sun which will occur tomorrow. Theoretically it is a total eclipse; practically—or so far as the United States is concerned—it is not. To inhabitants of this section of the globe it will be only a partial eclipse and will be visible only in the Southern States.

Washington astronomers are apathetic regarding the eclipse, and do not expect to see it. In this latitude the sun will be just dipping below the horizon at the hour the eclipse sets in. Their lenses will be tipped westward in an effort to see the phenomenon, but the chances are against gaining any view of it whatever.

"There is comparatively little interest taken in the eclipse," said Dr. Asaph Hall, chief astronomer at the United States naval observatory, today, "for the reason that its salient features will not be visible within our borders and that we can make no observations of value in solar physics. I will make an attempt to get a view of the eclipse, and if possible to photograph it, but I have little hope of success in either direction. I do not think any observations or records of scientific value will be made in this country. No expeditions have left the United States for purposes of observation. In this instance we will play second fiddle to the scientists of Europe."

GO TO SOUTH SEA.

England and Germany have sent out expeditions. As a totality the eclipse will be observable only on the Pacific archipelagoes of the Tonga, Samoa and Union, of which Vavau island of the first named group, was selected by the English expeditions as the best point of observation.

On these islands there are many drawbacks to successful observations and American astronomers are skeptical of the success of the expeditions. They say that the atmospheric conditions in the archipelagoes are such as to interfere greatly with the work of the scientists. At the present season of the year the rain falls in that region on an average of seven out of twelve days. The task of the Germans will be easier, as they have a permanent meteorological station in Samoa, which is thoroughly equipped.

There are three English expeditions, one for the government, directed by the Rev. F. A. L. Cortis of Stonyhurst observatory; one by F. K. McClean of Tunbridge Wells, and one by J. H. Worthington of High Wycombe.

The attitude of American astronomers may be judged from the following statements:

WILL BE PARTIAL HERE.

Professor David Peck Todd of the Amherst College observatory, Massachusetts: "The partial eclipse will be visible as far northeast as Washington if the sky and horizon are clear. Pittsburgh and Cincinnati might also catch

FEAR MISSING MAN

HAS BEEN MURDERED

SAN FRANCISCO, April 27.—A sorrowing wife and two daughters have made an appeal to the local department to make a search for Harry P. Wells, a musician and band director of Medesto, who disappeared in this city about April 10. Wells came here to purchase instruments about the first of the month. On April 7 he wrote a letter to his wife, and on April 10 he made some extensive purchases at 40 Haight street. From that date nothing has been heard from him and he has been completely lost sight of. A careful inquiry will be made by the police, who are of the opinion that Wells may have met with foul play.

ANGRY HUSBAND FIRES AT AFFINITY

Conrad Baraco Finds His Wife Hidden in the Room of Another.

SAN FRANCISCO, April 27.—On going to his home at 1440 O'Farrell street unexpectedly at 4 o'clock yesterday afternoon, Conrad Baraco, an electrician, found his wife hidden in the closet of the room of Archibald McCord, a roomer, and immediately sought vengeance through the medium of a repeating Winchester rifle and a heavy caliber revolver. In the duel which ensued both men exchanged shots, but the only damage inflicted was upon the furniture, doors and walls, Baraco firing from the hall, and McCord through the locked door of his room.

The timely arrival of Patrolman Kilsane and Lance was all that prevented the probable murder of one or both of the men. A Chinese servant employed by the Baracos also entered into the scrimmage, hitting McCord over the head with a pitcher of water.

Both men were taken into custody by the patrolmen and booked at the Bush street station on charges of assault with intent to murder. McCord was allowed to stop at the Central Emergency Hospital on the way to be treated for lacerated scalp wounds received from the Chinese servant.

TRUCKEE ON RAMPAGE, THREATENING DAMAGE

TRUCKEE, April 27.—Water is again causing trouble along the line of the Southern Pacific near Truckee. The rapidly melting snow has converted the peaceful Truckee river into a raging torrent, and much damage is being done by the high water. The wooden support under bridge No. 2, between Mystic and Calvada, has been washed out, and the railroad company will be unable to use its great Mallet engines over that portion of the track until a more substantial support has been put in. Several other smaller trestles and some of the public road bridges have suffered as a result of the unusual flow.

Kehrlein to Reopen Case Against Wm. P. Humphreys

Oliver Kehrlein, a real estate dealer of 68 Post street, San Francisco, who brought charges of obtaining money under false pretenses against William P. Humphreys, William and Mrs. Joanna Gillis, declares he will open the case against Humphreys despite the fact that he failed to have the man held by the lower court in which he brought the charges. Kehrlein declares that his failure to have Humphreys bound over for trial to the superior court on the felony charge was due to the difficulty of getting testimony as to the realty values of the property in Chicago, concerning which the fraudulent claims were alleged to have been made. He says he has now gathered this testimony, and has asked for a transcript of the court proceedings of several months ago preparatory to taking his complaint before the Alameda county grand jury.

Goes Into Well Head Down To Save the Life of Girl

ORISKA, N. D., April 27.—To save the life of a girl who was drowning, H. R. Olson of this town was lowered today head downward into a well 22 feet deep and only 18 inches in diameter. The strain was so great that blood burst from his chest and left arm. The girl was rescued barely alive. Olson, hearing the shouts of persons who were frantically racing around the well into which Miss Smith had fallen, offered to be lowered into the narrow spot. When he reached the bottom he quickly seized her from his chest and left arm. The girl and called to the five men above to pull

Stories of Success

Horace Greeley

A name that will live, long after writers and statesmen of greater pretension are forgotten, is that of the founder of the New York Tribune. Premier of editors, and first to establish the one-cent newspaper, the most famous figure in American journalism was Horace Greeley.

All through life his aim was to promote the good and prevent the bad.

He supported every movement which seemed to tend towards right and justice.

He abhorred debt.

"If you have but fifty cents," said this great man, "buy a peck of corn, parch it, and live on it, rather than owe a dollar."

The young man who begins early to save is fairly on the road to wealth.

A savings account is better than the reputation of being a spender.

Deposits of one dollar and upwards are received here, and with interest at 4%, compounded semi-annually, it is remarkable how your savings account will increase.

Oakland's Free Library Status.

In the New York Library Journal J. C. Dana takes the following whack at Carnegie's library gifts which are scattered all over the country:

"About 1500 towns in the United States have accepted library buildings as gifts. In the vast majority of cases these buildings have not been fitted to their purpose; have not been large enough for their purpose; have cost more to heat, light, keep clean, keep in repair and administer than the people of the town supposed they would, and have not been greatly instrumental in securing for the town the two things which, above everything else, make a library a library, that is, a good collection of books and a competent librarian."

Oakland is one of the beneficiaries of Carnegie's philanthropy. It accepted the gift of a \$50,000 library building when it badly needed such a structure, as the free public library was miserably housed in the old frame building recently torn down to clear the site for the new city hall and which for nearly fifteen years past was occupied by the City Engineer and his staff and by the Health Department. Oakland cannot, therefore, endorse Dana's wholesale condemnation of Carnegie's library gifts. It is true that the Carnegie Free Public Library building here is growing too small for its purpose. But that is not Carnegie's fault. When the gift was solicited and granted and the library built, it was big enough to meet the wants of the city at that time and apparently for many years thereafter. Within the past few years, however, the free library has felt the effects of the rapid growth of population as keenly as any institution in the city. The patrons of the library are multiplying at a great rate; but the shifting of the residential quarters through the expansion of the business district has carried off a large proportion of the population whose homes were in the neighborhood to remote sections of the city. Population is steadily drifting away from the library and business is quite as steadily pressing closer to it. The library is consequently passing through a change in its relations to the community.

Regarding its free library facilities Oakland will soon be confronted with the proposition of either materially enlarging the Carnegie building, if it is to be retained as the central library, or turn it into a down-town branch and secure a new site at some point convenient to the new residential districts that have been opened up, and into which the bulk of the population has drifted, and erect thereon a new central library structure. But whatever may be the future use of the Carnegie Free Public Library building, it has served Oakland a very useful purpose. It is more useful today than it ever was. It will not lose any of its importance and usefulness, if it should become later merely a branch of a central library system, for which Oakland's metropolitan development is beginning to call. There will always be a need for a library in the down-town business district.

Oakland will soon have another intercounty railway if the Bay Shore Electric Railway franchise is granted by the City Council. That section of the line from Bay Point to Walnut Creek in the San Ramon valley has been built, and on Saturday the opening of it to traffic will be celebrated at Walnut Creek with a barbecue. This new railway opens an entirely new territory and will make it accessible to Oakland. In all probability, this new electric railway will be the first land transportation company to utilize the municipal improvements now under way on the western water front, as the promoters of the key to extend the tracks to the first wharf to be built on the Key Route basin alongside the Southern Pacific ferry landing at the end of Oakland mole.

When the State is paying nearly \$30,000 a year to eastern holders of the copyrights to the school text-books which it prints itself, the evidence is conclusive that it still remains in the grip of the text-book ring.

Switzerland Objects to Auto Tourists.

Strange to say that although Switzerland is largely dependent upon the revenues derived from sight-seers from abroad, it has positively excluded automobilists from the canton of Grisons, the most picturesque part of the republic. The question of giving autoists the right of way over the public highways of the canton was submitted to a popular vote. It was backed by the cantonal and federal governments and the Swiss Automobile Club; but the popular hostility to autos prevailed and the proposition was turned down. The presumption is that the residents of this picturesque canton voted down the proposition that autoists would destroy its pedestrian tourist system now in vogue and that their main source of revenue would be cut off by the rapid transit vehicles. Switzerland has favored and encouraged the railroad companies to pierce the Alps and has encouraged rapid transit communication with Italy. But when it comes to corresponding privileges and the use of the roadways to automobilists, the canton of Grisons balks and refuses to give its consent. It is evident that the people of the canton fear that the admission of automobilists over the roads would reduce their revenues from tourists which might be curtailed, if not wholly destroyed by the admission of rapid transit automobiles over their splendid road system.

The proposed mutualization of the New York Equitable Life Society has been blocked, at least temporarily, by the opposition of the new president, William A. Day, and the price of \$6000 per share which J. Pierpont Morgan has placed on his 502 of the 1000 shares of the society's capital stock. It is another evidence of the well-known fact that Mr. Morgan is not influenced by philanthropy in any investment which he makes. The figure he places on the controlling interest in the company is much larger than Thomas F. Ryan paid James T. Hyde for it when he was forced to retire from the vice-presidency of the society.

California's Growing Mineral Wealth.

State Mineralogist Lewis E. Aubrey expects that the total mineral products of California will this year reach the \$100,000,000 mark in value. Ten years ago their total value was under \$50,000,000. Since then the annual output of nearly all of the mineral products of the State has been rapidly increasing. Within the past five years the annual value of the mineral output has nearly doubled what it was formerly. This has been due to the increased yield of petroleum, copper and gold. Petroleum leads all of the mineral products of the State. Last year the total output was 77,130,578 barrels, valued at \$33,398,187. In 1905 the yield amounted to 34,275,701 barrels, but the market price of crude petroleum then was so low that the total value of the output was only \$9,007,820. In ten years the yield of petroleum in California has multiplied nearly twenty-fold, as in 1900 it was only a little over 4,000,000 barrels. So many large producing wells have been opened this year that it would not be surprising if the total yield should amount to 100,000,000 barrels. The copper mines in Shasta county have advanced the value of

their output during the past five years from \$2,650,605 to \$8,478,143, an increase of about 325 per cent. Since 1905 new smelters have come into operation and, also, smelters whose fires were extinguished by the action of the courts because of the damaging effects of their poisonous fumes on forest growth and on orchards, vineyards and farms located within a radius of twenty miles, are again at work, their owners having taken costly means to suppress the nuisance.

The influence of dredging on the gold mining industry is plainly shown in the increased value of the gold output of the State which has been steadily rising since dredging for gold in the Feather river bottoms began. The extension of the industry to the Yuba river bottoms has still further increased the gold output from this source. Indeed, dredging for gold has developed of late years into the most important branch of the gold mining industry.

That is a queer statement which comes from Manila stating that the Dutch have taken possession of the island of Palmas in the Philippine archipelago, lying sixty miles southeast of the island of Mindanao, hauling down the American flag and raising that of the Netherlands. The assertion that the American government will not protest against the seizure on the alleged ground that the island is valueless, is still queerer. If Palmas island passed into the possession of the United States with the transfer to it of Spanish sovereignty over the Philippines, then the Dutch have no right to seize it. If they are allowed to seize one island without objection, what is to prevent them from extending their operations? Whatever estimate the American government may have on the value of the island and it is evidently not shared by the Dutch, for the seizure is the strongest kind of proof that they place a high value upon it either for strategic or other reasons, or they would not take the risk of committing an act that might be the means of precipitating a war between the two nations.

CHORES AND THE BOY

Chores are twice blessed. They are good for the boy, and they help the family. It is very unlikely that the boy will think they are good for him, even though or possibly because his sire repeatedly tells him that they are, but many a disagreeable and laborious piece of statecraft has been done, and well done, because chores had to be done, and done thoroughly. It now appears that, in the nature of our urban and suburban life, chores are disappearing, and how are we going to bring up boys without them? Formerly, when there were big lawns to mow, and wood to split, gardens to weed, horses to groom, and cows to drive, the boy had a place in the domestic cosmos which he felt to be real; but if we invent chores, he knows it, and declines to take them seriously.

A suburban father, looking at the matter from a slightly different angle, writes a pathetic-comic letter to a local paper: "Being a man of large family, I was much interested in the discussion over the playground at the town meeting, and what one speaker had to say struck home when he told how, in past years, many boys during the summer vacation worked on the farms and earned money which helped out considerably in the family expenses. And that those boys now spend their time playing on Manchester Field. Now I am told that in the winter time when the old man is splitting wood for the morning fire, his sons are to be over in the Prince school learning physical culture. I think these boys had physical culture enough before, when they earned a dollar for the family."

Work for the youngsters is one of the matters of this life in which there is a half-way house—between the indulgence which allows them to grow up into selfish little monsters, and the domestic tyranny which, possibly with good intentions, converts a home into slave quarters. It is as necessary for children to work as it is for them to play; and too much of the one is exactly as bad as too much of the other. There are still plenty of fathers (we all know the type) who

as George Ade so memorably put it, "rob the cradle for farm hands." And we have all seen the product of this rearing in youths of eighteen with all their sap and vigor dried, stiff-jointed and bent, already over-worked into little old men. And worse, if possible, are the flabby, ineffectual youngsters who have wearied of play at the same age; selfish and useless.—Boston Transcript.

Bachelor Musings

When poverty comes in at the door the wedding jewelry goes to a lock shop. Now is the time for all the grass widows to get out lawn mowers and clip the alimony green. Now, don't you wish you had started saving your vacation money last January? "What is home without a baby, especially when it cuts its first tooth?" A broken heart is Cupid's autopsies. It's all right to get to the bottom of things, but don't throw mud. The modern idea of a piker seems to be any man who lives within his income. When the telephone girl resigns her job would you say that she had retired from the ring? Many a woman doesn't come honestly by her complexion, in spite of the fact that she pays the druggist. Vanity gets bigger around the girl every day. Loyalty needs to be well fed and clothed to keep it strong. A man uses magnifying glasses to look at his own brains and blue goggles to look at anybody else's.—New York Press.

"I wonder why the soldiers are in Texas?" said the officer. "Say, give me your name and address: You will be wanted on a jury one of these days."—Buffalo Express.

GROWTH OF A CITY

Cleveland papers are boasting that while the census of a year ago gave the city a population of only 560,663, there are now in "Greater Cleveland" not less than 625,000 people. "In the year since the census," says the Plain Dealer, "the addition to the 560,663 inhabitants of Cleveland has been at least enough to make 550,000 inside the municipal limits. A year ago there were about 40,000 people living in Lakewood, East Cleveland, Newburg, Cleveland Heights, Nottingham and Euclid. At the lowest estimate the growth of these suburbs in the last twelve months has been 5000. They have fully 45,000 residents now. That is a very big city, from any point of view. It is proof beyond dispute that the Cleveland of the next federal census will come close to the 1,000,000 mark."

Chickens in Alaska

Chickens pay even better in Alaska than they do in the imagination of the city man with a yearning for a suburban home. A Tacoma paper reports that a speculator with two thousand live pullets, has started over the trail from Valdez to Iditarod. This is the first attempt in the history of the Valdez-Iditarod road to take live birds over the 400-mile stretch. The chickens are loaded in double-decked coops on sixteen sleds. Men were sent ahead of the outfit with feed for the birds and to build houses at intervals, where the chickens will be allowed to rest and move around. The dealer expects to get \$4 to \$5 apiece for the chickens at Iditarod.

DEATH, A CLIMBER

The Austrian and German Alpine clubs have published statistics showing that between the years 1901 and 1910, inclusive, 886 Alpinists lost their lives in the Central Alps of Europe, an average of nearly a hundred deaths a year. In 1909, however, there were 144 climbers killed, and in 1910 100, not including 23 persons who met their death while picking edelweiss. Of this total of 125 fatalities 42 were Germans, 24 Austrians, 19 Swiss and 4 English, while the rest, including eight guides, were of other nationalities. The largest number of fatal accidents in the Alps took place in August. It is estimated that the army of Alpinists now numbers 100,000.

Honest Spooks Wanted

The discovery of fresh spiritualistic phenomena by Dr. Hyslop is always an event. Not everybody accepts them with the same ready hospitality that he does. Most people lack either faith or imagination at the start and are disposed to doubt the incredible things that others describe as real experiences. It heightens skepticism when new mediums of supernatural powers give tests only in private, their identity is closely guarded as a secret and the whole science of communication with the other world is made a mystery. "A spook kiss," whatever it may be, sounds too ethereal and unreal for practical purposes. Still, any new proof of spirit manifestations will be welcomed. The unbeliever is curious if not credulous in this respect. New "spooks" are always entertaining, but what a plain, matter-of-fact, everyday world needs is a genuine "spook," a medium who is not a fraud and spiritualistic phenomena that are destitute of the forms of trickery.—New York World.

Pater—Can you give my daughter the comforts to which she has been accustomed? Sutor—Yes, sir. I've breakfasted at your home, and I'm certain that I can complain about the coffee, read the paper, demand the discharge of the cook and announce that I'll dine at club.—Toledo Blade.

BANANAS in JAMACIA

Although official statistics with regard to the foreign commerce of Jamaica, for the year 1910 have not been published, it is known that there was a considerable falling off in the exportation of bananas, the chief article of export from the colony. This decrease was the result of the storm and excessive rains in November, 1909, which caused so much damage to banana plantations as to reduce to a large extent the 1910 yield. As the United States receives about 90 per cent of the shipments of this fruit from Jamaica, any considerable decrease in production would be felt in American markets.

A large proportion of the fruits of the island is shipped from this consular district, embracing Port Antonio and Port Maria. For the year 1909, when the total fruit exports amounted in round numbers to \$7,500,000, the value of fruit sent to the United States from this district was \$3,241,035, of which amount \$2,126,400 was bananas. The exports of bananas from these two ports in 1910 aggregated \$2,219,000, which shows a loss of \$917,400 as compared with the shipments to the States in 1909. As there was a gain in the sales of coconuts and oranges, the

net loss on fruit shipments in 1910 was \$852,545. During the year about 10,000,000 bunches of bananas, 5,000,000 coconuts and 3,000,000 oranges went to the United States from this consular district. As the condition of the fruit plantations is now good, and as the acreage in fruits, especially bananas, is being steadily increased, it is confidently expected that the shipments of bananas for the current year will be at least as large as in any previous year.—Consular Reports.

RICHLIY ENDOWED

A person was loudly inveighing against certain schools. He finished by declaring that he was thankful he had never "rubbed his back up against anyone." "Do I understand the brother to say that he thanks God for his ignorance?" asked the bishop. "Well, yes, if you want to put it that way," he replied. "Then all I have to add," said the bishop unctuously, "is that the brother has a great deal to be thankful for."—Argonaut.

20 YEARS AGO IN OAKLAND

Thomas Prather, president of the Union National Bank, sprained his ankle in leaping across a brook in Redwood canyon Sunday.

Last evening Major F. R. O'Brien drilled the twenty-four police officers who will take part in the parade on the day of the President's visit.

Applications for positions as teachers were filed with the board of education last night by Louise A. Beauvais, Charlotte F. Hunt, Lillian I. Berger, Lelia A. Darrow and Kate G. Senker.

The following Oakland people are in Santa Barbara: Mr. and Mrs. A. Cornwall, Mr. and Mrs. R. Ritchie, Rev. Mr. Easton and Mr. and Mrs. C. A. Richards.

Members of the Catholic Ladies' Aid Society went to Santa Cruz the first of the week. Mrs. Paul Lohse, founder of the order, of Oakland, was among those present.

John Lynch, appointed license inspector under Mayor Glascock, continues to report for duty occasionally so that he may hold his claim to the office. He contends that Mayor Chapman had no right to remove him until his two year term had expired.

It is now a settled fact that Marshal Ramage of Hayward will be opposed by A. R. Hall.

Wednesday afternoon Allie Palmer, the

beautiful and accomplished daughter of R. J. Jackson, proprietor of the Washington hotel in Livermore, was united in marriage to Oswald Mendenhall, son of W. M. Mendenhall, a wealthy farmer and capitalist of that vicinity.

At the funeral services over the body of the late Rebecca S. McVade, held yesterday, Rev. J. H. Wythe officiated and the following acted as pall-bearers: Messrs. Goster, Williamson, Winslow, Langley, Price, Hatch and Leitch.

In reference to the transfer of the Southern Pacific lines now on Seventh street to First street, there was a meeting of the citizens yesterday in the office of the president of the Union National Bank, corner of Ninth street and Broadway. Those present were: Tallesen Evans, Truman H. Allen, A. W. Burrell, Sr., E. G. Buswell, A. J. Snyder and O. H. Burnham.

Hugh Craig, A. W. Bowman, W. H. Lawrence, Mary A. Lawrence, C. W. Randall, M. A. Harrington, I. A. Flyner and E. A. Farry have made depositions in the case of F. R. Black, lessee of the Piedmont Springs hotel, which is now in court, saying that the place is a public nuisance.

The trustees of the First Unitarian church of this city, have filed an application in the superior court asking permission to mortgage property on Fourteenth and Castro streets for \$25,000.

GAS
RANGE**

Why?

BECAUSE they are guaranteed to use 25% less gas than any other gas range made. This is no idle claim. It has been demonstrated in actual competition.

BECAUSE they are strong and durable. They are built entirely of heavy sheet steel that you couldn't break with an axe.

BECAUSE they are clean and handsome. They are entirely covered with baked enamel which gives them a very fine appearance and which is easily cleaned—no blacking required.

BECAUSE they can not be exploded no matter how long the gas is turned on before lighting.

BECAUSE they have heavy enamel burners which are as easily cleaned as a dish, and have the only movable simmerer made.

BECAUSE we guarantee them absolutely to be the best bakers in the world.

BECAUSE they are low-priced.

FIREMEN INJURED IN BUFFALO BLAZE

New York City Scene of Spectacular Blaze and Panics in Hotels.

BUFFALO, N. Y., April 27.—Fire early today in the heart of Buffalo's business district destroyed the five-story building of the Buffalo Glass company on East Seneca street with a loss of nearly \$250,000.

The building contained large quantities of varnish, paint and similar materials. Shortly after the fire started there were several violent explosions which blew out windows and partitions. One of the explosions knocked twenty firemen down and badly injured several of them. The dense black smoke from the fire spread over the lower section of the city and caused near-panics in a score of hotels and lodging houses.

Guests left their rooms in fright, supposing that the fire was at their doors and the police were kept busy reassuring terrified residents. The smoke still covered the city at daybreak.

FLYNN PRESENTS HIS RESIGNATION

Secret Service Man Dislikes Job as Police Commissioner in New York.

NEW YORK, April 27.—William J. Flynn, second deputy police commissioner, whose resignation was announced late last night, would not comment today on his reasons for resigning. He made public, however, his letter of resignation to Mayor Gaynor, in which he explained that he had temporarily left the federal secret service to effect a reorganization of the local detective bureau. As the six-month period, during which he was able to preserve the status of his position with the government expired about May 1, he asked for the acceptance of his resignation, and for relief from his duties on that date.

It has been reported that the commissioner's resignation was due largely to friction with his superiors in the department.

If you cough all night you get no rest, nor does anyone else in the house. Keep within reach a bottle of BALLARD'S HOREHOUND SYRUP. It is then easy to stop the tickling which causes the cough, whenever it appears. Price 25c, 50c and \$1.00 per bottle. Sold by Webster's Drug Store, Tenth and Washington streets.

ESTABLISH RECORD FOR QUICK BUYING

Local Commission Merchants
Bring Oranges North
in a Hurry.

A record for quick buying and delivering of oranges was made yesterday when the Pacific Navigation steamship Harvard unloaded 400 boxes of the citrus fruit at San Francisco for Hunt, Hatch & Co., the Oakland commission merchants. D. W. Hatch left San Francisco last Saturday for Los Angeles on the Harvard and returned on the same vessel yesterday with the shipment of oranges which he bought in the south. The fruit was sold on the trees at Highlands last Monday and was packed the same day it was bought by the Oakland man.

VESSELS TIE UP.

The scow H. Bendel docked at Adams wharf yesterday and unloaded 48,000 feet of lumber for the Contra Costa Construction Company, for use in the repair work on the Webster street bridge. All the wood work on the structure is being renewed and extensive reinforced concrete work has been done on the buttresses at both ends.

The St. Helena, Captain Piggett, left a quantity of miscellaneous freight with the Oakland Dock and Warehouse Company yesterday. The firm is also in receipt of two cars of cement and a car of glass fruit jars and a large shipment of steel washers from the East.

The steamer Willapa, Captain Johnson, from the north, and the Santa Monica, Captain Olson, from the south, were at Long wharf yesterday. The former, with 90,000 feet of lumber, the latter with 100,000 feet. The Topeka, Captain Harris, and the steamer J. B. Stetson, Captain Nelson, were at the wharf yesterday. Both came from Eureka loaded with lumber. A portion of the lumber left at the wharf for the Southern Pacific Company.

POLICE OF RIVAL NATIONS CLASH

Japanese and Chinese Constables Riot in Mukden Over Thief.

SEATTLE, April 27.—The steamship Inaba Maru arriving from the Orient brings news that a number of Chinese police recently attacked Constable Fujita of the Japanese police stationed in Mukden, who had arrested a Chinese thief and refused to deliver him to the Chinese police.

A number of Japanese police were dispatched on horseback to assist the officer. Chinese constables gathered and a fight with swords ensued in one of the busiest streets of Mukden. Inspector Hagihara, another Japanese policeman, and some Japanese merchants who went to assist, were wounded, and were three Chinese police. Fujita and his prisoner were rescued from the Chinese and taken to the Japanese consulate and a number of Japanese troops were dispatched to guard the consulate.

WALNUT CREEK TO HOLD CELEBRATION

Holiday to Be Observed on the Completion of Railway Into Town.

WALNUT CREEK, April 27.—A big time is being arranged for by the Walnut Creek Improvement Club to celebrate on Saturday the completion of the Oakland and Antioch Electric Railway from Bay Point to Walnut Creek. Many prominent men of the vicinity have been invited to speak. Among those from Oakland are Colonel John P. Irish and A. A. Denison, secretary of the Chamber of Commerce.

The program for the celebration here includes a barbecue, baseball games and foot races. Bands galore will be there to enliven the scene and the affair will close with a grand ball. Walnut Creek is being decorated for the occasion and special rates to this point will be declared by the railroad.

WOMAN ESCAPES; CROWD CHEERS

Locked in Department Store Clerk Makes Way Down Ladder.

BUFFALO, April 27.—The spectacle of a woman descending a ladder from an upper story of a big department store provided entertainment for a crowd of several hundred people here last night. Late in the evening Patrolman Pike saw the woman in an upper window of the store. She was crying hysterically and trying to attract the attention of persons in the street. A long ladder was secured nearby. The officer started to go up but the woman waved him back. "I'll come alone," she said, and she did. The crowd cheering as she gingerly picked her way down the fifty-five-foot ladder. She proved to be an employee who had been working late and had been inadvertently locked in by the watchman.

"The hobble skirt is vindicated," remarked the policeman. "It's a great thing for a woman on a ladder."

STORM DISPELLED OVER THE GULF

Little Damage Done by Rain and Wind of Thirty-Six Hours.

NEW ORLEANS, April 27.—Following a steady downpour of rain lasting 36 hours, accompanied by strong winds and high tides, the storm which yesterday and last night threatened serious damage along the Louisiana and Mississippi coasts, cleared away this morning and bright sunshine greeted New Orleans today. No lives were lost in the storm and the property damage was not heavy.

Telegraphic communication along the Gulf coast east of New Orleans is still partially paralyzed and today there was continued interruption of traffic on the Louisville & Nashville and Illinois Central railroads.

WIFEY HURLED STONES AT HIM

R. F. Hackett Declares That Even Aesthetic Berkeley Failed to Cure Her.

Because he declares his wife threw stones at him and otherwise maltreated him whenever he upbraided her for her friendship for other men, R. F. Hackett of Berkeley has been granted an interlocutory decree of divorce from Catherine G. Hackett, Superior Judge T. W. Harris signing the decree. All of the community property, which includes a home in Berkeley and a ranch at Oakley, was given to him.

Prior to taking up his residence in Berkeley the Hacketts lived on the ranch, and the husband told the court that frequently while they resided in the country he found Mrs. Hackett in the company of strange men. Often he pleaded with Mrs. Hackett, he said, to guard against gossip by the neighbors; but it did no good. Mrs. Hackett continued to do just as she pleased, the husband testified, and finally Hackett bought the place in Berkeley and took his wife there in the hope that the surroundings and atmosphere of the aesthetic university city would help to refine her ideas.

But they didn't. On the other hand, Hackett testified, city life quickly completed the destruction of his marital happiness and finally drove him into the divorce court.

KEROSENE IN STOVE CAUSES \$500 BLAZE

SAN FRANCISCO, April 27.—Jacob Casino, of 137 Hiale street, poured kerosene over kindling in his kitchen stove at 5 o'clock this morning. The resulting explosion caused a fire which was extinguished by the department after \$500 damages had been sustained.

An overheated boiler caused a fire in the kitchen of the Hotel Alhambra, 5 St. Charles place, early this morning. The damage was nominal.

HUNDREDS FIGHT FIRE ON MOUNTAIN TOP

NORTH ADAMS, Mass., April 27.—All through last night 400 men fought a forest fire at the top of Pine Cone mountain, which started three days ago near Williamstown, threatening the western section of this city. Fully 3000 acres of land has been burned over.

By digging wide trenches and felling trees the amateur fire brigade succeeded in dividing the on-coming rush of flame, and at dawn it was hoped that the danger to North Adams had been averted.

SENATE DEFERS ACTION ON ITS COMMITTEES

Deemed Probable Democratic Members Will Not Attempt to Break Slate as Drawn by the Republican Majority

WASHINGTON, April 27.—Through the objection of Senator Cummins the selection of Senate committees was postponed today until tomorrow. The senator asked that the resolution making the appointments go over to enable the progressive senators to prepare for the conflict which they expect will be precipitated when they present their final demand for the addition of Senators La Follette and Brewster to membership on the committee on interstate commerce and finance, respectively.

Although Senator Gallinger, chairman of the Republican committee on committees, wanted to proceed today, there was no alternative when Mr. Cummins asked that the resolution go over under the Senate rule. In the contest tomorrow it is expected that Democratic senators generally will support the right of the majority of the Republicans to name their witnesses.

NEWLANDS IS PLEADED.

There was only one far in the Democratic caucus today. Senator Newlands complained of the failure of the steering committee to recognize his claim to a place on the finance committee.

The following is the list of appointments to Senate committees adopted by the Democratic caucus: Finance—Bailey, Simmons, Stone, Williams, Kern, Johnston (Maine). Appropriations—Tillman, Foster, Culberson, Martin, Overman, Owen, Smith (Maryland). Judiciary—Bacon, Culberson, Overman, Raynor, Paynter, Chilton and O'Gorman. Interstate Commerce—Tillman, Foster, Newlands, Clarke (Arkansas), Gore, Watson, Pomerene.

FOREIGN RELATIONS.

Foreign Relations—Bacon, Stone, Shively, Clark (Arkansas), Raynor, Hitchcock. Postoffices and Postroads—Bankhead.

PUBLIC LANDS.

Public lands—Newlands, Davis, Chamberlain, Thornton, Bryan, Myers. Public buildings and grounds—Culberson.

APPEAL TO SENATE.

WASHINGTON, April 27.—Progressive Republican Senators in conference today decided to ask the Senate to pass on the question of the addition of Senator La Follette to the committee on Interstate Commerce and of Senator Brewster to the committee on Finance, contrary to the decision of the Republican caucus.

LAUNDRY WORKER IS JAILED FOR THEFT

BERKELEY, April 27.—Yoshie Oshimo, a former laundry worker of Berkeley, has been arrested in Stockton for the theft of a bicycle. It is believed by the police that he is also guilty of theft in this city. On his person was found a University of California class pin bearing the letter "L" in the center, a green stone locket and an Oakland pawn ticket. He gave the name of James Yoshimo. Chief of Police Vollmer has been notified of the arrest.

INDIANAPOLIS TO CLEAR THE NAME OF THE CITY

INDIANAPOLIS, April 27.—To clear this city of the charge that it is the headquarters of a gang of dynamiters a movement for a thorough investigation was started today. Citizens, in connection with the Manufacturers' Association, will call a meeting in a few days and a plan of campaign will be formed.

BATTLE RUMORED IN FINANCIAL CIRCLES

Frank C. Havens Said to Have Refused to Sell Water Rights.

\$15,000,000 OFFERED BY SMITH, IS REPORT

Bonds of Corporation Show Unusual Activity in the Market.

(From the S. F. Examiner, April 27.)

A battle royal for the control of the Peoples Water Company is on between Frank M. Smith and Frank C. Havens, the Oakland millionaires, according to inside whispers in banking and financial circles. Smith, it is said, would round out his absolute control of the public utilities on the east side of the bay by acquiring the water supply of the various cities and towns, and to this end has offered his whilom partner and friend \$15,000,000.

Havens is said to have turned a deaf ear to the offer. The efforts of Smith to induce him to change his mind are now being interpreted in the phenomenal activity of the bonds of the water company the past week on the Stock Exchange.

Ten days ago these bonds were quoted at practically \$73. At the close of business yesterday sales were made at \$72.25, and there were curb offerings at \$71. The records of the San Francisco Stock and Bond Exchange show that within a few days over \$136,000 of these bonds changed hands, the activity increasing as the price fell. The dealers in these securities was reflected in a decline in the quotations for the preferred and common stock of the corporation. The first named fell from above \$59 to below \$58, while the common, which is not a listed security, dropped from \$3.75 to \$3, with no offers at these figures.

In every case the offers of these bonds have been accepted by one broker, who is said to be acting for Havens.

BAD FEELING SHOWN.

Since Smith and Havens dissolved partnership a few months ago and divided their enormous holdings there have been many evidences of the bitter feeling developing between the two big captains of industry of Oakland. Havens took as his share of the spoils gathered during the partnership the Peoples Water company, while Smith acquired the Realty Syndicate and the transportation enterprise, built up by their united efforts, the Key Route system and the Oakland Traction company. Smith, in turn, merged these in the United Properties company, with a capital stock of \$200,000, incorporated under the laws of Delaware, at the same time forming a connection with W. S. Tevis and R. G. Hanford and their Bay Cities Water company.

The Bay Cities Water company is ostensibly preparing to invade the field now monopolized by Havens and his Peoples Water company.

The outstanding stocks and bonds of the Peoples Water company aggregate about \$27,000,000, divided as follows: Preferred stock, \$2,000,000; common stock, \$15,000,000; bonds outstanding, \$5,000,000. The company has also a floating debt of \$2,611,760, according to its last annual statement.

This debt is secured by short time notes, a great portion of which are due shortly, and to worry Havens to raise cash to meet these obligations as well as the maturing interest on bonds is said to be Smith's desire.

Hanford and Tevis, who are directors with Smith in the United Properties, and who promoted the Bay Cities Water company, are said to be engineering the attack on Havens.

VALUE OF THE COMPANY.

It is known that Havens values the Peoples Water company at over \$20,000,000 and believes that it must increase in value prodigiously within the next few years. Eight years ago Judge Hart of Sacramento, sitting as a referee, reported that the plant of the old Contra Costa company was worth about \$8,000,000. This company and the Alvarado were subsequently merged in the Peoples and the system extended along the bay shore to the Contra Costa county cities and towns. In 1910 the city of Oakland acquired an option on a portion of the plant at a valuation of \$16,000,000. This figure did not include the minority stock, but simply gave the municipality a controlling interest in both the preferred and common stock. At that time Havens and his associates indicated that they believed the whole property was worth close to \$30,000,000.

HAVENS' FINANCIAL RESOURCES.

Those who are familiar with Havens' affairs declare he has almost as large financial resources as the "Borax King," and that his affairs are in much better shape to secure large sums of ready money at short notice. Of late he has been devoting all his time to developing the income of the water company. It is said that every employee almost has been obliged to bear a reduction of salary, including Frank Leach, who is now said to be getting \$6000 a year as against \$9000 under the partnership regime as general manager.

Havens has of late been selling large

FRIENDS OF MOTT PLAN LUNCHEON

Men in All-Walks of Life Will Attend Affair at Noon Wednesday.

Great interest has been aroused over the forthcoming luncheon at the Saddle Rock cafe at noon Tuesday of next week by the business men, the industrial men and tradesmen of this city who are friendly to the candidacy of Mayor Mott for re-election.

The menu is guaranteed by Pat Kisch, the host for the occasion, to be of the finest order and will be served with celerity so that the guests who have no time to spend unnecessarily at table will be able to return to their accustomed places of business at the earliest possible moment, after the subjects of the hour have been discussed.

There will be several speakers, but as all of them will be business men who believe in brevity of speech, the forensic efforts will have stimulus of commercial acuteness and practical common sense. Secretary Cole and Professor Gibson, the officers of the committee having charge of the occasion, declare that the demand for seats is greater than they have ever experienced on a similar occasion in any of the recent campaigns. There is a certainty that there will be a large and representative gathering. This will, in all probability, be the last assemblage of the kind before the municipal election on the 9th of next month and there is a certainty that it will live long in the memory of those who attend.

A farewell tea was given yesterday afternoon at the home of Mr. and Mrs. E. C. Buer on Vallejo street.

Mrs. Harry Overstreet was the guest of honor. She leaves within the next few days for New York with Professor Overstreet, for one of the large eastern colleges.

MYSTERIOUS FIRE DAMAGES HOUSE

Tramps Thought to Have Set Early Morning Blaze.

A mysterious fire occurred in an untenanted residence at Thirty-fourth and West streets, at an early hour this morning. The fire department was summoned at 1:53 and when it arrived the entire upper story of the house was ablaze. About \$1000 damage resulted. The place is covered by insurance, amounting to about \$3000.

The house was the property of J. C. Rowell, librarian of the University of California, who resides next door, at 2207 West street.

According to Rowell tramps were seen hanging about the place a few days ago. It is thought they may have slept in the place, leaving a fire behind them, which smoldered for a time before spreading to the rest of the building. Fire Chief N. A. Ball stated today that there was nothing to indicate that the fire was of incendiary origin.

Danderine

Grows Hair

and we can

PROVE IT!

The Great DANDERINE Never Fails to Produce the Desired Results.

It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair.

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has renewed the growth of hair in cases that were considered absolutely hopeless.

A hair from Brooklyn writes: "After a short trial my hair stopped falling, and I now have a lovely head of hair, very heavy and over one and a quarter years long."

Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

Now on sale at every drug and toilet store in the land; 3 sizes, 25c, 50c and \$1.00.

Free To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the Danderine Co., Chicago, with their name and address, and 10c in silver or stamps to pay postage.

WOLFE MAY NOT GET IT.

SACRAMENTO, April 27.—An opinion which Governor Johnson has received from Attorney-General Webb in regard to a bill providing for the payment of \$4500 to Senator Edward I. Wolfe for work as a commissioner investigating the high cost of living throws a bit of doubt whether Wolfe is going to get the sum.

ILLINOIS CELEBRATES

GRANT'S BIRTHDAY

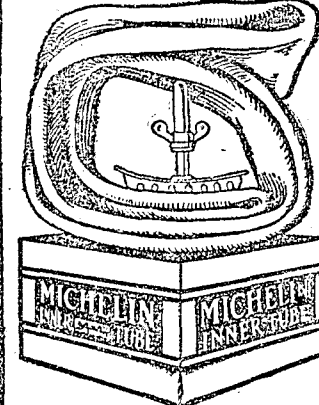

GALENA, Ill., April 27.—The celebration of Ulysses S. Grant's birthday and the fiftieth anniversary of the Jo Davies county guards, the first company west of the Alleghenies to answer the call of President Lincoln for volunteers in 1861, drew people here from all parts of the state today.

Bishop J. H. Vincent of New York, pastor of the church in which General Grant was a regular attendant at the beginning of the civil war, was scheduled for the principal address. The surviving sixteen members of the Jo Davies county guards will be presented with gold medals.

SENT LOVE NOTES TO MRS. BELMONT

Woman's Suffrage Worker Promises to Stop Unwelcome Wooing.

NEW YORK, April 27.—Mrs. O. H. P. Belmont appeared in police court yesterday and on the promise of Dr. John Jackola, a worker for women's suffrage, that he would not annoy her further with unwelcome attentions, consented that the magistrate's summons for him be dismissed.

Dr. Jackola talked freely of the case after reading a statement given out by James McMahan, secretary of Mrs. Belmont.

"Dr. Jackola," said McMahan, "has paid personal attentions to Mrs. Belmont for four months. His attentions included repeated attempts to see Mrs. Belmont, the sending of roses with verses and notes. A letter sent last week was the culmination of the matter. Mrs. Belmont decided that the only thing for her to do was to go to the courts."

"I am surely surprised at Mrs. Belmont's action," said Dr. Jackola when he had read the statement, "but I should have nothing to say unless a statement for her had been given out first. She received the roses. I sent her with my poetry, and I have her acknowledgements and thanks in a safety deposit vault."

MAYOR SETS STYLE HIMSELF

To Be Bearded Like a Pard Is Not a Crime in New York, Says Gaynor.

NEW YORK, April 27.—Men who favor long, flowing beards as personal adornment have found a friend in Mayor Gaynor. The city executive makes known his position in a letter to the pastor of a Brooklyn church who complained that he had been subjected to insults because of his luxuriant black beard. The mayor wrote in reply:

"It is not a crime in the city of New York to wear a full beard. I wear one myself and nobody takes any notice of it. How is it that they take notice of your beard? Have you trimmed it in some peculiar way contrary to the Scriptures? The Scriptures say 'Ye shall not round the corners of your beard, neither shall thou mar the corners of thy beard.'"

"Yes, if they assault you and throw empty cans and rubbish at you and otherwise assault you on account of your beard, you have a right to defend yourself to the last extremity, but if you find it necessary, I will have a detective go around with you for a few days until we arrest some of those who are wronging you."

"Are you certain that it is your beard which is the cause of the trouble?"

CROOKS IN RIVER TO BE ELIMINATED

Governor Signs Bill Appropriating \$15,000 for the San Joaquin.

SACRAMENTO, April 27.—Work of rectifying the San Joaquin river may now go ahead without more delay under the plans submitted by the engineers of the United States government, for Governor Johnson signed the bill Tuesday appropriating \$150,000 for the purpose of purchasing land to be used as rights of way for the new river channel.

Other bills signed were as follows: S. B. 1016, providing for the compilation and publication of agricultural and other industrial statistics for the state of California.

S. B. 1181, providing for the fund for the support of the state university for the next two years.

S. B. 609, for the purpose of regulating the sale and use of poisons in the state.

S. B. 202, relating to tax deeds.

WRANGLE IN LIVESTOCK EXCHANGE OVER BILL

CHICAGO, April 27.—A proposed amendment to the rules of the Chicago Live Stock Exchange whereby it was proposed to abolish the custom of paying for dinner, telegram and other expenses for country shippers and feeders, was defeated in a secret ballot yesterday at a meeting of the exchange. A total of 468 votes, practically the entire membership was cast, and the result stood 282 against and 206 for the adoption of the amendment. Feeling between the factions previous to the counting of the ballots was the bitterest ever known.

WILEY IS AFTER HEADACHE POWDER

Chemist Declares That Grave Dangers Lurk in Ordinary Remedies.

WASHINGTON, April 27.—Dangers so grave, according to Dr. H. W. Wiley, chief chemist of the department of agriculture, lurk in the ordinary headache remedies that he has determined to institute an investigation under the pure food and drug acts.

Many cases in which death had followed the taking of these remedies, said Dr. Wiley today, had been brought to his attention of late. Headache powders, said Dr. Wiley, usually contained large quantities of drugs which affected the heart. The powders, according to Dr. Wiley, contained a larger proportion of these drugs than any physician would think of prescribing.

HOME AND CHILD WELFARE STUDIED

International Congress Takes Up the Question of Relationship.

WASHINGTON, April 27.—The relation of the home to child welfare was the general topic for discussion at today's session of the second international congress of Mothers and Parents Teachers' Association.

The program included demonstrations of play songs by a group of second-grade children of the local schools, and a number of papers on various phases of the topic, among those to speak being Mrs. Geo. K. Johnson, president of the Pennsylvania congress of mothers; Mrs. J. R. Little, president of the Georgia congress; Mrs. E. F. Carroll, president of the Iowa congress, and Mrs. Robert Park, vice-president of the Massachusetts congress.

Discussions on the topic will extend through the night session.

DR. HYDE IS RELEASED; GOING BACK TO WORK

KANSAS CITY, April 27.—Dr. R. C. Hyde, under life sentence for the murder of Colonel Thomas H. Swopes, was released from the county jail yesterday on a writ of habeas corpus granted by the seven judges of the circuit court.

In the opinion of the court the most of the evidence upon which the physician was convicted was circumstantial and there was reasonable doubt of his guilt. Dr. Hyde's bail was set at \$50,000.

Had Dr. Hyde's release been deferred until today the period of his incarceration would have been exactly a year.

"I shall reopen my office," Dr. Hyde said, "as soon as I can reit it."

"He feel sure," Mrs. Hyde said, "that at the next trial the jury will believe me when I tell the details of the last illness and death of my dear uncle. I know better than any other person in the world except Clark himself that there is no foundation for the charges against him."

POSTPONE LUNCHEON AS MARK OF RESPECT

The regular weekly luncheon of the Tri-City Rotary Club, which was scheduled to be held at noon today at the Hotel Athens, was postponed out of respect to the memory of Clarence W. Mattern, former secretary for two years of the organization, who met his death in an automobile accident on last Monday night.

W. C. Poole, who was to have delivered the short address today on "The Sociology of New Zealand," probably will be the speaker on next Thursday.

MODEL AEROPLANES TO BE TRIED OUT

The power contest of aeroplanes to be conducted by the members of the Oakland Amateur Aero Club of the Young Men's Christian Association is scheduled for May 6, when a silver cup will be awarded to the owner of the aeroplane having the heaviest power. About one dozen machines will be entered in the contest and all the conveyances will be made by the boys. Many of the contestants exhibited aeroplanes at the last aeroplane meet held in the gymnasium of the Y. M. C. A.

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures for her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

Before Allowing an Operation

Please Read These Two Letters.

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before. Then after all that suffering Lydia E. Pinkham's Vegetable Compound restored her health.

HERE IS HER OWN STATEMENT.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement—I could not be on my feet for a long time. My physician advised for several months without much relief, and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. To-day I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise every woman who is afflicted with any female complaint to try it." Mrs. Orville Rock, R. R. No. 5, Paw Paw, Mich.

"There never was a worse case."

Rockport, Ind.—"There never was a worse case of woman's ills than mine, and I cannot begin to tell you what I suffered. For over two years I was not able to do anything. I was in bed for a month and the doctor said nothing but an operation would cure me. My father suggested Lydia E. Pinkham's Vegetable Compound; so to please him I took it, and I improved wonderfully, so I am able to travel, ride horseback, take long rides and never feel any ill effects from it. I can only ask other suffering women to give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation."—Mrs. Margaret Meredith, R. F. D. No. 3, Rockport, Ind.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from pure herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

MOTT SPEAKS AT THIRD WARD CLUB

Several Candidates Deliver Addresses on the Issues of the Campaign.

There was a meeting of the old Third Ward Republican Club in Lawlor Hall at the corner of Seventeenth and Pearl streets, at which there was a large attendance. Issues of the present campaign were considered. Among the speakers were Mayor Frank K. Mott, Edwin Meese, William J. Baucus, Fred C. Turner, John Forrest, Supervisor John Mullins, John B. McKelnam, Senator Edward J. J. Tyrrell, George E. Gross and Councilman M. Bronner.

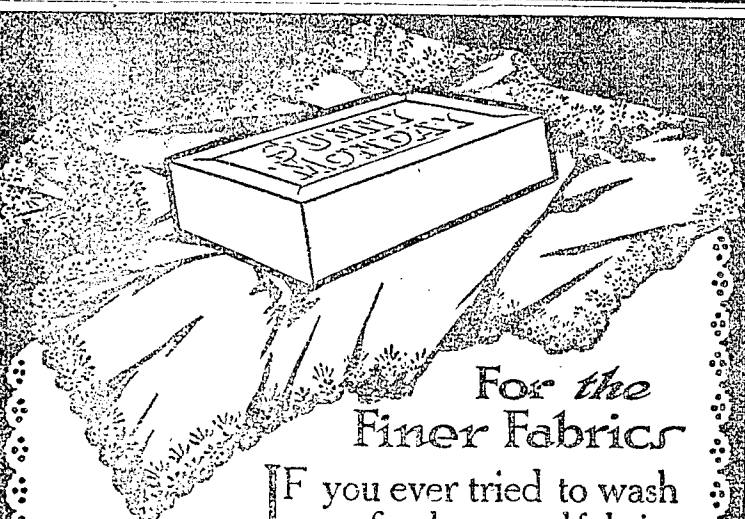

SAN FRANCISCOANS ELOPE.
LOS ANGELES, April 27.—Mr. and Mrs. A. P. Dolan of San Francisco, elopers, are spending their honeymoon here. Dolan, a wealthy real estate man, who is past fifty, fell in love very suddenly with Daisy E. Nance, and when she promised to marry him they agreed to elope with their friends, so came to Los Angeles for the ceremony.

Michigan Governor Discovers Treasury Is Not Equal to Demands.

LANSING, Mich., April 27.—Governor Osborn vetoed the Jerome bill last night, which provides that the state pay to the wives and families of convicts confined in the various penal institutions of the state a sum necessary for their care and maintenance. The state was to have appropriated \$10,000 annually.

WANTS EMPIRE AT HAGUE.
MINNEAPOLIS, April 27.—That disputes between nations should be settled by an umpire, as disputes between rival American baseball teams are settled, was the keynote of an address delivered by Baron d'Estournelles de Constant, the French statesman, before the students of the University of Minnesota.

For the
Finer Fabrics

If you ever tried to wash your fine laces and fabrics with ordinary yellow laundry soap, you know it's simply out of the question.

All yellow laundry soaps contain rosin, and rosin is injurious to finer fabrics.

Sunny Monday contains no rosin—that's why it is white. It also contains a wonderful dirt-starter which saves rubbing and spares your clothes. Sunny Monday washes in hot, cold, lukewarm, hard or soft water. It's really the only safe soap for finer fabrics.

CAPTAIN BROWN OF OAKLAND POLICE WILL WED SUNDAY

MISS NELL S. MULVEY, whose marriage to Captain Thorvald Brown of the Oakland police force, takes place Sunday.

Following the recent announcement of their engagement, the wedding of Thorvald Brown, captain of the Oakland police force, to Miss Nell Mulvey has been formally announced, and will take place Sunday at the Hotel St. Francis in San Francisco. The couple have been receiving congratulations from their many friends on both sides of the bay.

Only immediate members of both families will be present, as the wedding will be a private affair. A wedding breakfast will follow the ceremony, and the couple will immediately leave for an extended tour through the eastern states. They will visit friends in New York and Washington.

Miss Mulvey is a sister of Thomas S. Mulvey of the Superior Court, and is well known on the other side of the bay. Captain Brown was appointed to the rank of captain about a year ago and is one of the most popular members of the Oakland police force.

The Rev. Joseph McQuade will officiate at the ceremony.

HARMON AND DIX BOOM IS STARTED

Chamberlain of Oregon May Be Put Up in Opposition to Governor.

WASHINGTON, April 27.—Democratic members of Congress are making preparations for the national convention to be held in 1912 and the supporters of Governor Harmon of Ohio have started a boom for Governor Dix of New York as his running mate.

The Ohio men have resolved to start their work of lining up delegations early and the boom for Dix for vice-president is expected to win the support of the New York delegates for Harmon.

Supporters of Woodrow Wilson announce that an effort would be made to have Senator Chamberlain of Oregon named as the New Jersey man's running mate. The tickets which would then be submitted to the convention would consist of Harmon and Dix on the one side and Wilson and Chamberlain on the other.

The boom for Chamberlain comes in the nature of a surprise. He was victorious at the primaries and, although a democrat, was elected by the Republican legislature. The Wilson men believe that Chamberlain would be a strong card in the northwest.

Wilson men and Harmon men say that William Jennings Bryan had pledged himself to both Bryan and Joseph W. Folk of Missouri for the nomination for President. If convinced that neither of these men can win, however, he is expected to throw his support to Wilson. Either Folk or Clark can have second place on the Wilson ticket, but it is not believed that either will accept.

FEAR OF COMPETITION LOWERS BRITISH WAGE

LONDON, April 27.—Sixty per cent of the adult workers in Great Britain receive less than \$7.50 weekly wages, according to statistics quoted last night in the House of Commons by H. J. Tennant, parliamentary secretary for the Board of Trade, in opposing the motion of Will Crooks, labor member from Woolwich, for a compulsory minimum wage of \$7.50.

The story of Crooks about the sufferings of the poor was a pitiful one, but the House was greatly moved. Tennant reluctantly had recourse to cold logic, and said the motion would involve a cost of \$85,000,000. The sudden increase of wages, he declared, would raise the cost of production and invite increased foreign competition.

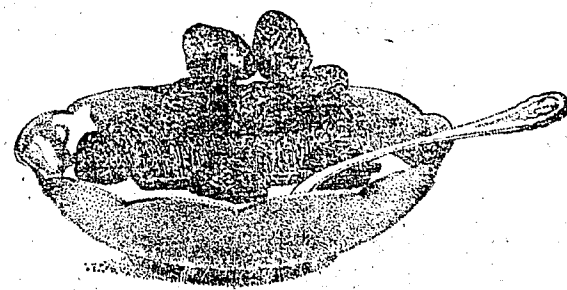

HAMMOND TO REFUSE BERLIN APPOINTMENT

NEW YORK, April 27.—John Hays Hammond has returned from Washington. His name was recently mentioned in Washington dispatches as the probable successor of David J. Hill, who has resigned as American ambassador to Berlin. Hammond says that the Berlin appointment had not been tendered him, and had it been it would have been impossible to accept, as nothing would induce him to go abroad to live. His home is here, his children are being educated here and while he has interests in other countries, he could not accept an official mission which would require a residence abroad.

STEEL TRUST IS MEEK

NEW YORK, April 27.—Announcement was made by Chairman Gary of the United States Steel Corporation today that work on the new buildings at Corey, near Birmingham, Ala., had been resumed and they will be completed. Chairman Gary authorized a statement in which among other things he said: "There has been no intention or effort to influence or antagonize legislation."

A Dish for a King

NIAGARA OUTDONE BY GUINEA FALLS

Sir T. C. Crossley Rainey Tells of the Wonder of Kaiteaur.

NEW YORK, April 27.—Sir T. C. Crossley Rainey, attorney general of British Guinea, is in New York today on his first visit to the United States. He is one of the few white men who have ever seen Kaiteaur Falls, which, he declares, is the most beautiful and impressive in the world. Sir Crossley will visit Niagara for purposes of comparison before leaving for England to attend the coronation ceremonies.

Kaiteaur Falls are far inland in British Guinea, he told his friends on shipboard, "so far inland, in fact, that they are about 200 miles from civilization. They are 825 feet in height—nearly five times as high as Niagara—and 400 feet wide."

UNIVERSITY SETTLEMENT GETS GIFT OF \$100,000

FISHKILL, N. Y., April 27.—A gift of \$100,000 to the University Settlement of New York city from the widow of the late General Howland, U. S. A., is announced here. The gift includes the entire Howland estate at Fishkill-on-the-Hudson. The property consists of about 250 acres and it is understood that the settlement will establish a model farm and summer camp there, as a part of its work.

MONETARY REFORM WILL BE TAUGHT

Commission Would Educate People Along Financial Lines.

CHICAGO, April 27.—The first definite steps toward the creation of an organization to educate the people on the subject of monetary reform along lines suggested by the monetary commission appointed by Congress, were taken at a meeting in the Union League Club yesterday.

Branches are to be opened in all the principal cities of the country, each to be allowed one member of the central organization. Each city is to organize an auxiliary body, composed of business and professional men.

The name, "Citizens' League for the Promotion of Monetary Legislation," was adopted.

ELECTIONS AT STANFORD.

STANFORD UNIVERSITY, April 27.—The student body election to fill offices during the next school year developed intense interest on the campus. The polling places were crowded at noon, and the count was not completed until midnight. Karl Ludwig Schupp of Santa Rosa was elected president of the student body.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, and, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring the hair growth and hair health. It is not greasy, and will not gum the scalp or hair, or cause permanent stain. It is pleasant to use as pure cold water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, price 50 cents and \$1.00. Remember you can obtain it only at The Owl Drug Company, Inc., Fifth and Washington; Thirteenth and Broadway and Sixteenth and San Pablo.

HIGHWAY BILL SAFE

SAY LEGAL AUTHORITIES

SACRAMENTO, April 27.—The substitution of a comma for a period in section 8 of Assembly bill 990—the state highway bonding proposition, submitted at the last election on the \$18,000,000 highway bond issue—thereby changing the reading of the act in the matter of highways permanently improved under county bond issues, will not, according to high legal authority, invalidate the act nor affect in any way the Chandler highway act, which provides for a way of expending the \$18,000,000.

ALLEGES GREAT LOSS

FROM TICKET SCALPING

LOS ANGELES, April 26.—Alleging that ticket scalping is the cause of many thousands of dollars loss to the railroad each year, the Southern Pacific railroad today asked the federal circuit court an injunction restraining Ray Wires from selling, exchanging or transferring tickets. The petition says if Wires is not restrained his operations will cause the road heavy loss.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Oakland Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, gravel and Bright's disease. Doan's Kidney Pills help sick kidneys. Here is proof in the statement of a nearby resident.

W. S. Gilber, 1756 Vine street, Berkeley, Cal., says: "For about two years I was troubled by pains in my back and hips and was unable to get relief until I used Doan's Kidney Pills. Since taking this remedy, I have had no further cause for complaint."

Contractors Use a Hydraulic Monitor In Carrying on Municipal Wharf Work

Hydraulic Mining Monitor at Work on the Oakland Water Front. It Is Being Used With Great Success in Digging a Trench to Make Way for the First Section of the Reinforced Concrete Quay Wall.

The accompanying illustration shows the hydraulic mining monitor at work digging the trench twenty-five feet wide and forty feet deep in which the first section of the reinforced concrete municipal quay wall is to be built on the southern water front between Myrtle street and Broadway.

The contractors are Hansbrough Bros. of San Francisco and they are the first to apply the mining monitor to this kind of work. The water supply for the monitor is drawn from the estuary and the pressure by a force pump driven by

an electric motor. The debris is lifted with the drainage of the pit by a powerful centrifugal suction and force pump which discharges on the south side of the lower bulkhead of the trench, where it is impounded by an outer bulkhead and serves as a perfect barrier against the encroachment of the tides. When the quay wall is built this impounded material and the dredgings resulting from the deepening of the harbor between the present ship channel and the line of the quay to the thirty-foot level, will be deposited in the rear of the wall to raise the land to grade.

The economy of this system of digging

the big trench is apparent to a novice. The ground to be removed is composed of sand and soft clay, which is easily cut out by the stream directed against it by the monitor and flows with the waste water to the pump, where everything is lifted by the centrifugal suction pump, also operated by an electric motor, and transferred into the pond. Electric power to drive the pumps is drawn from the neighboring works of the gas company. The excavation is proceeding with great rapidity, and the contractors are hurrying up with the assembling of material on the grounds for the construction of the quay wall.

BERGER AIMS TO ABOLISH SENATE

Milwaukee Solon Declares the Upper House Has Run Course.

WASHINGTON, April 27.—Victor Berger of Milwaukee, the Socialist member of Congress, in a resolution introduced today, not only proposes to abolish the Senate, but aims to strike from the hand of the President the veto power and take from the courts authority to invalidate legislation enacted by the House of Representatives.

All this is proposed in an amendment to the Constitution, which, if petitioned for by 5 per cent of the voters in each state, shall be submitted to a general referendum.

"The Senate has run its course," said Berger, after his threatening document had been dropped into the hopper on the Speaker's desk. "It must some day, as with the British House of Lords, yield to the popular demand for its reformation or abolition."

SCHOOL BOOK ROYALTY COSTS STATE FORTUNE

SACRAMENTO, April 27.—That the textbooks for the California schools cost a large sum of money, outside of the large bills for paper, for printing and for distribution is shown by a list of claims passed upon in Controller Nye's office in favor of eastern book firms, owners of the rights to the copyrights, from which the books are printed. Here is a list which went to the state treasurer for payment.

American Book Company, \$4775.40; Gunn & Co., \$3220; Newson & Co., \$406.60; Heath & Co., \$670.65. These royalties were for the three months ending March 31, 1911, and represent the privilege of using the textbook material.

CONGRESS OF EPISCOPAL CHURCH OPENS SESSIONS

WASHINGTON, April 27.—"The Jesus Christ of the Gospels of Theology," was the subject of interest today before the twenty-ninth Protestant Episcopal Church Congress in the United States, in its session here. A pilgrimage of the members to Mount Vernon as guests of the Washington Cathedral Council, was arranged for the early afternoon.

STEEL TRUST TO HELP EMPLOYEES

Prominent Capitalists to Make Living Easier for Workmen.

NEW YORK, April 27.—The American Iron & Steel Institute, which was organized in 1908 by Judge Gary and other prominent steel men to deal with all matters connected with the development of the iron and steel industry, will make the amelioration of the condition of the employees of the various steel companies throughout the country a special feature of its work from now on.

The investigation of the subject and the planning of the best methods for carrying out the proposed welfare work will be in charge of a committee consisting of Judge Gary, Charles M. Schwab, E. A. S. Clarke, president of the Lackawanna Steel company, John A. Topping, chairman of the board of directors of the Republic Iron & Steel company, and William R. Schiller, president of the National Tube company.

It is hoped to secure for each employee of the big steel companies a day off each week and also to devise a working schedule under which the men will not be forced, as many of them are at present, to work continuously for many hours without a letup.

EDUCATOR WANTS FRATERNITY MEN

Schurman Declares Less Time Must Be Spent on Social Duties.

ITHACA, N. Y., April 27.—Another warning to the fraternity men at Cornell University to devote more time to their studies and less to their social in the society is sounded in President Schurman's report on the comparative scholastic standing of fraternity and non-fraternity men for the year 1911. President Schurman points out that the fraternities furnished nearly half of the eighty-eight men dropped in February as the result of the mid-year examinations, although only a fourth of the students belonged to the fraternities.

The figures are about the same as last year, says Dr. Schurman. He adds that it is not a good showing for the fraternities. The distribution among classes shows that the sophomore year is the dangerous one for the fraternity man.

WITH BRAIN GONE MAN LIVES WEEKS

RENO, Nev., April 27.—With his skull shattered and the major part of the brain gone, George Wattles of Ely, Nev., lived from April 4 until last Monday, when he died at the Sinking Hospital. Wattles, following a long drinking spell and after a quarrel with his wife, struck the muzzle of a gun to his head near the right ear. The bullet made an opening nearly two inches in length through which the brain oozed. In a suicidal condition, to the astonishment of doctors, seemed to improve daily, until he died last Monday.

DIGS FOR BACON'S SECRET.

CHESTOW, England, April 27.—Dr. Orville W. Owen of Detroit and his lieutenants started afresh yesterday delving into the mud of the River Wye for Bacon's secret. The American is thoroughly optimistic and believes that the boatlike structure discovered in the bed of the river is the long hidden cache supposed to contain the Baconian manuscripts.

JAPAN TO WATCH SEALING DISPUTE

The Representatives Arrive to Attend Big Conference at Washington.

VICTORIA, B. C., April 27.—To represent Japan at the conference to be held next month at Washington to discuss proposals advanced for the suspension of pelagic sealing for a term of years, H. Dauke, chief of the bureau of fisheries of Japan, and T. Kitahara arrived by the steamer Inaba Maru yesterday. Dauke said he could not make any announcement whether Japan would concede to the proposal to suspend sealing at sea, but intimated that Japan was the most interested of all nations in this matter.

It was understood that the Japanese will seek to secure compensation for the sealers whose occupation will be taken away. Whether Japan will ask for a momentary indemnity or national interest in the Pribiloff herd could not be learned.

Dauke and Kitahara stated that Japan had maintained a close protection over the Pribiloff Bank rookery secured from Russia during the recent war, and the herds of this island, as a result of the stoppage of killing, have increased yearly. There is a restricted district of thirty miles about the island. The Russians, who have a Commandant's island rookeries and the St. Jones rookery, the latter in the Okhotsk sea, have the same.

It was pointed out that the Japanese sealing schooners which cross the Pacific coast of the United States and within three miles of the seal islands do not take into consideration the use of firearms.

Yes, Kitahara said, "Japan is not a party to the agreement governing the pelagic sealing on the eastern side of the 180th meridian, and the vessels are governed by the international law providing that they remain outside the three-mile limit."

SONOMA PIONEER HELD FOR MURDER OF BURNS

SANTA ROSA, April 27.—The grand jury of Sonoma county has returned an indictment against John Vanderleith, a little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound, in which I have great faith. It cured the cough as well as the choking and gagging spells, and he was well in a short time. DUTCH LOWER AMERICAN FLAG IN PHILIPPINES

MANILA, April 27.—Delayed advices received here via Jolo report that the Dutch have taken possession of Palamas island, sixty miles southeast of Mindanao, lowered the American colors and substituted therefor the flag of Holland. It is understood that the Netherlands do not intend to protest against the action of the Dutch, the American government regarding the island as valueless.

VETERINARY HEIR TO BIG FORTUNE

Coloradoan Comes Into Estate After Being Estranged From Family.

TRINIDAD, Col., April 27.—After being estranged from his family for twenty-three years, Dr. T. A. Corbould, a veterinarian, was notified by cable yesterday that he is heir to the title and estates of his father, Sir Thomas V. Corbould, Bart. of Somersleigh, Norfolk, England, who died a few days ago.

According to Corbould's story, he ran away to Canada after a quarrel with his father and enlisted in the Northwest Mounted Police, serving fourteen years. After being crippled by wound, Corbould left the service and made a precarious living as a veterinarian. He declares his father had been decorated with the Victoria Cross for gallantry in the Crimean war.

QUEEN CARNIVAL NOW REIGNS AT LIVERMORE

BIG PARADE TO BE HELD ON SATURDAY

Valley Town Beautifully Decorated in Honor of the Celebration.

Athletic Sports to be Prominent Feature of Festivities in Thriving Village.

LIVERMORE, April 27.—This city has had many gala occasions by way of celebrating national and other holiday anniversaries, but she never appeared to greater advantage than she does today in carnival robes of red, green and purple in honor of the United Ancient Order of Druids, a fraternity which is strongly entrenched in the esteem of the people of this city.

While the carnival had its inception yesterday under the auspices of Livermore Grove No. 89 of that order, yet there was not a fraternal association of any character which has representation in this place which did not figuratively speaking, clasp hands with the Grove in question and pledge its assistance.

There was not a merchant in the town who did not promise to encourage the festivity, a promise which he kept in various ways, but more especially, not alone the outer decoration, but also the inner garnishment of his place of business.

BEAUTIFULLY DECORATED.

As a consequence, Livermore today is a picture of decorative beauty. Everywhere the carnival colors, fashioned into symbolic and graceful designs, are to be seen. Interspersed with them are the colors of half a hundred countries of the world, representatives of which have here found prosperity and homes.

In this brilliant galaxy of loyalty and color, omnipresent are the national colors of the United States, which crown the artistic efforts of the decorator.

Not satisfied with mural adornment, many of the merchants on the main street have made special displays in their windows in which the carnival in both color and tableau is symbolized with a variety of attractive designs which show the refined and exalted taste of the dealers.

The general effect is that of a community united in its own behalf while at the same time doing honor to one of its secret orders which has long embraced in its membership many of the leading men of the community.

CARNIVAL SPIRIT REIGNS.

As omnipresent as the mural adornments is the holiday—the carnival spirit. The visitor is impressed by the buoyancy of every person he meets during the day, the relaxation and abandonment of reserve, the showering of confetti, the merry, hearty laughter of young and old, the winsome venture of the women and the absence of the staid tones of the male attire, at night.

"MARVELOUS, WONDERFUL."

An idea of the character of these means of diversion, which at once recalls the childhood of the average city man, may be had from the following list of surprises, the spirit of which fairly shriek their excellence:

"Countdown Four Hundred" mirror dance.

Miss Jessie De White's Baby Dolls.

Alexandria, "the strangest girl in the land."

De Ray & Templeton's ladies' novelty shooting show with baby lion exhibit.

Adgie and her lions.

California Prince, the educated horse.

Royal Italian Marionettes turning to life.

Late show of music turning to life.

Pharaoh's daughter post; plastic and serpentine dance.

Bohemian glassblowers.

Feeds when the wind blows.

Palace of Illusions.

The Crazy House.

Exposé of Gambling by Prof. Bonadest.

Saule and reptile show.

Leo the Mysterious (mechanical figure).

LODGE IN CHARGE.

The festivity is the result of the public spirit and enterprise of Livermore Grove No. 89, which comprises about one hundred members and has been in existence since 1882, and which the leading officers are: Fred T. Trotter, noble arch; George Beck, vice-arch; Theodore George, treasurer; D. E. Murphy, D. E. Kneiss, W. Kaiser.

CROWNING OF DRUID KING ROY BECK

QUEEN JEANNETTE AND KING ROY BECK

QUEEN IS CROWNED.

The principal feature of the program yesterday was the crowning of King Roy, who is a son of George Beck, and also the crowning of Queen Jeannette (Miss Jackson) who was elected to her position by the liberal votes of the people of this city.

The ceremony took place at the flag-staff on the main street and was witnessed by several thousand people, who evinced the greatest interest in the fact that there was, at the time, a small precipitation of rain. There was not a person present who did not feel that the slight moisture was simultaneously increasing the wealth of the community in the benefit it was conferring on the adjacent fields and vineyards and the fact gave them a dual pleasure, in connection with the royal function which was being enacted.

The imposition of the insignia of royalty on the head of his majesty took place first and was followed by the placing on the shapely and graceful head of Queen Jeannette, the diadem power and majesty.

The process was placed with knightly grace by Thomas Knox, postmaster of the city, who delivered an interesting speech, introducing their majesties to their obedient and loving subjects.

REV. CLIFFORD SPEAKS.

In behalf of the crowned heads, Rev. Mr. Clifford told of the great pleasure which they enjoyed in the assurance of loyalty on the part of their subjects. He also gave his expression to the appreciation which they felt for the fact that there was, at the time, a small precipitation of rain. There was not a person present who did not feel that the slight moisture was simultaneously increasing the wealth of the community in the benefit it was conferring on the adjacent fields and vineyards and the fact gave them a dual pleasure, in connection with the royal function which was being enacted.

MOTORCYCLE RACES.

This afternoon there were motorcycle races, which, however, did not begin till 4 o'clock.

Course—Start at flagpole to Santa Rita, from Santa Rita to Pleasanton, from Pleasanton to starting point.

First prize—Silver trophy cup presented by Bagdad & Son; and one gallon of motorcycle oil presented by H. E. Varney.

Second prize—Motorcycle tire by Crane Brothers.

Third prize—1 speedometer presented by Henry J. Callaghan.

CONFETTI BATTLE.

This evening there will be a battle of confetti in the streets and this will be one of the most interesting features of the festivity, for the reason there are hundreds of pounds of the material on hand and young and old, male and female are ready to engage in the contest with zest of people thoroughly imbued with the carnival spirit.

Tomorrow will be devoted to athletics and mimicry and the program will be as follows:

3 p. m.—Track meet by Company 1.

SHOOTS AUTO FULL OF HOLES

Unidentified Man Drives to Garage and Fills Machine With Bullets.

Manuel Brown's Perfectly Good Buick Closely Resembles a Sieve.

Constable Roderick of Niles is trying to locate a miscreant who shot Manuel Brown's \$3000 automobile full of holes with a rifle Monday night as it stood in the owner's garage at Warm Springs.

Brown is section foreman of the Southern Pacific Company and owns a Buick, which he left in his garage when he went out Monday night for a visit with friends. During his absence a man drove up to the garage in a closed buggy and, throwing open the doors of the little structure, dragged a rifle out of his vehicle and pumped about six bullets into the body of the machine. Then he entered his buggy and drove away at top speed.

The reports of the rifle attracted a number of people to the garage. They thought at first that Brown had been attacked and probably murdered. Before they discovered the facts Brown arrived on the scene. He produced a lantern and the inspection that followed revealed the object of the mysterious visit.

Brown is at a loss to explain the attack upon his auto. Several persons saw the buggy disappear down the road into the darkness immediately after the shooting, but none of them has been able to give any clue that would lead to the identity of the perpetrator of the outrage.

NEW FACTORIES TO COME HERE

Chamber of Commerce Plans to Encourage Growth of Industry.

A meeting will be held tonight by the manufacturers and producers' committee of the chamber of commerce in the chamber of commerce to discuss plans for the encouraging of outside producing and manufacturing plants which are seeking sites in Oakland. At present several concerns which are ready to establish plants in this city providing suitable sites can be found, are in communication with A. A. Denison, secretary of the chamber.

Though the manufacturers and producers' committee is composed of members of this chamber only, any parties interested in manufacturing or producing industries in the vicinity will be welcomed at tonight's gathering. Plans for augmenting the present list of local manufacturers will also be discussed this evening. Other matters of vital importance to the industrial prosperity of Oakland will come up for consideration. Charles Kood will be chairman of the evening. Carl H. Reuter is secretary of the organization.

HOLMES' FRIENDS INDORSE TURNER

Supporters of Man Who Ran for Commissioner No. 3 Pass Such Resolution.

The campaign committee of R. D. Holmes, who was a candidate for the position of commissioner No. 3 at the primaries and who carried his own precinct in the Third ward, has indorsed the candidacy of Frederick C. Turner for the same commissioner position for the coming election. This action was taken at a meeting of the organization which was held last night and is set forth in the following resolution, which was adopted by a rising vote:

"Resolved, That the R. D. Holmes campaign committee heartily endorses the candidacy of Frederick C. Turner for commissioner No. 3, believing that a man of his technical ability and long experience in municipal affairs is pre-eminently fitted to capably perform the duties of a commissioner of this city; and be it also

"Resolved, That this committee endorses and strongly advises the reelection of Hon. Frank K. Mott for mayor of the city of Oakland; and further

"Resolved, That R. D. Holmes and his friends respectfully request the active support of their friends to help secure the reelection of Hon. Frederick C. Turner for commissioner No. 3 and Hon. Frank K. Mott for mayor."

DENY RIGHT TO INCREASE RATES

Interstate Commerce Commission Refuses Advance on Cement.

Carriers in Need of Additional Revenue, Was Reason Stated.

WASHINGTON, April 27.—Refusal of the Interstate Commerce Commission to permit the principal railroads of the West to advance their rates on the transportation of cement for the reason that the carriers are alleged to need additional revenue is the feature of a decision in the case.

General advances of from one-half a cent to five cents a hundred pounds in rates of cement were proposed by the carriers in trans-Missouri territory, to become effective September 1, 1910, and affected a territory which produces approximately two-thirds of the Portland cement made in the United States.

PRODUCERS ATTACK.

The advances proposed were attacked by producers and shippers and the commission suspended them first until November 1, 1910, and subsequently until July 1, 1911. The points of destination to which the proposed rates apply cover a wide range of territory extending from Illinois and Tennessee on the east to the Rocky mountains on the west.

In the opinion promulgated today, which was prepared by Commissioner McCord, some of the advances are approved. The commission did not accept as decisive the statement of the carriers that present cement rates are so low as to be unremunerative and that the commodity does not bear its just proportion of the burden of transportation, the testimony on that feature of the case being regarded as "very meager."

APPROVE INCREASES.

Approval of the increases is given the proposed rates from Portland, Colo., to all destinations from Kansas City territory and points in Kansas and Oklahoma to points in Texas, and from Bonner Springs and Topeka, Kas., to various points in Colorado, Iowa, Kansas, Missouri, Nebraska, Wyoming and New Mexico.

"With these exceptions," the commission says, "the propriety of the new rates has not been shown." If the carriers don't withdraw the tariffs before May 15, an order will be issued to maintain rates for at least two years.

HER FATHER WAS WITH NAPOLEON

Daughter of Emperor's Secretary Tries Suicide in Chicago.

CHICAGO, April 27.—Mrs. Margaret Schwede, 56 years of age, whose father is said to have been secretary of Napoleon Bonaparte, was found unconscious yesterday in a room with a gas jet turned on full force.

Neighbors discovered the odor of gas and broke into the room, on the walls of which were small oil paintings of Napoleon and her father.

At the hospital to which the aged woman was removed, it was said there was still hope of her recovery.

Several days ago Mrs. Schwede told her nearest neighbors that death was all that remained for her. For months she had sickened out a precarious existence by renting rooms, but her lodgers gradually went elsewhere, and demanding arrears for rent the landlord had told her she must move on May 1.

Mrs. Schwede's husband lost his fortune in Louisiana during the Civil war and later committed suicide.

TO DISCUSS SCHOOL BONDS.

BELLEVILLE, April 27.—Bonds for schools, parks and playgrounds will be the principal subject of discussion at the meeting of the East Side Improvement Club of Belleville tonight at the Tennis clubhouse on Hillsgate avenue.

FIRE ALARM DROWNS OUT CHIMES

Alameda Hears of Destruction of House as He Congratulates Blushing Bride.

The G. Harold Ward Home Is Destroyed in Alameda; Loss Is \$8000.

ALAMEDA, April 27.—As School Director G. Harold Ward was congratulating Miss Florence Hatt, just after the marriage ceremony which was performed at her home in San Francisco last evening, he received news over the telephone that his home at 628 Lincoln avenue, this city, was in flames and threatened with complete destruction.

Ward is the Alameda county agent for the National Insurance Agency and the Colonial Fire Underwriters. He and Mrs. Ward returned immediately to this city to find their residence almost a total loss, the upper portion of the dwelling being completely destroyed by the flames and the lower portion being damaged beyond repair. The total loss is \$8000.

STARTS IN CLOSET.

The fire, which is thought to have been caused by spontaneous combustion, broke out in a clothes closet under the stairway on the west side of the house at 10:27 o'clock last night. The flames leaped through the roof and were fanned by the wind, almost instantly the two adjoining houses on each side of the burning structure.

The dwelling, which is owned by A. D. Carville, is insured for \$2000. There was \$5000 insurance on the contents of the house, which were valued at \$7000. All of the furnishings in the house were completely destroyed. There was no one in the home when the fire broke out. The 7-year-old son of the school director had been sent to the home of his grandmother, Mrs. J. Bourgaumon, in Eighth street.

THREE FIRE ALARMS.

The local fire department answered three fire alarms within ten hours yesterday. At 2 o'clock yesterday afternoon an alarm was turned in from box 57 for a roof fire at 1011 Buena Vista avenue in a two-story dwelling owned by A. G. Harvill and occupied by A. K. Coney. A clogged chimney caused the fire. The damage was \$25.

At 2:12 o'clock this morning a stable in the rear of a dwelling at 3249 Encinal avenue was burned to the ground and a horse burned to death. The stable and horse were owned by H. J. Platts. The origin of the fire is unknown. The loss is \$325.

HOUSE TO ADD TO ITS MEMBERSHIP

Reapportionment Bill Expected to Pass Before the Adjournment.

WASHINGTON, April 27.—Before adjournment the House of Representatives expects to pass the reapportionment bill increasing its membership from 391 to 435. Chairman Underwood of the ways and means committee had planned to take the measure up yesterday, but it was supplemented by the free list bill, though with the understanding that it would be taken up today. Efforts to get quick and favorable action are due to the fact that many state legislatures are nearing adjournment.

No SUE, under the law, loses in representation, the reapportionment merely fixing at approximately 211,600 the number of constituents entitled to one representative.

UNIVERSITY MAN IS KILLED IN MEXICO

BERKELEY, April 27.—Thomas D. Murphy, who attended the University of California as a member of the class of 1902, was killed by a Mexican miner at Hostatipaquillo, Mexico, April 4, according to a letter received here by C. W. Boydston, the class of 1909, who is in this city on a visit.

Murphy was manager of the El Favor mine, where the murder is reported to have been committed. No details of the crime have been received, but the statement that Murphy was killed in a fight. The letter was sent by a civil engineer of Hostatipaquillo. The murder was followed by the killing of the assassin's brother by an American.

Murphy's wife and child are still in Mexico, according to Boydston. Murphy was about 40 years of age. He worked here for a time before entering the university in 1902. He was a student here for three years only, leaving in 1902 for Arizona, where he was associated with a mining project.

Boydston expects to return to Mexico in a few weeks.

SAN FRANCISCO DELAYS WATER INVESTIGATION

BERKELEY, April 27.—Mayor Hodghead will interview members of the board of supervisors of San Francisco in a few days relative to the report of bay cities on proposed joint water supplies.

Berkeley and Oakland have appointed J. D. Galloway and J. H. Dockweiler to make reports for the east bay cities, and San Francisco has appointed Professor Marx of Stanford and Engineer Freeman of New York.

No appropriation has been made for the services of the San Francisco engineers, however, and until this is done neither Marx nor Freeman will begin work. Meanwhile Berkeley and Oakland are delayed until the supervisors of San Francisco make some move.

INTERCEDES FOR RELEASE OF IMPRISONED BROTHER

BERKELEY, April 27.—John D. Fletcher, of Berkeley, has interceded to secure the release from a Japanese military prison of his brother, Albert C. D. Fletcher, who is being held in the Japanese military prison of San Francisco. Fletcher is a son of the late John D. Fletcher, who was a member of the state department and demand the men's release.

BERKELEY HORSEWOMEN TO APPEAR IN PARADE

BERKELEY, April 27.—A troop of horsewomen will be a feature of the flower festival next month. A number of Oakland women have been selected to appear in this division of the parade.

Miss Olive Shirik, daughter of D. L. Shirik, a horseman, will lead the riders in the parade. Miss Frances Woolsey, daughter of William E. Woolsey, who is an all-around athlete, will be in the troop.

Other members of the cavalcade will be Miss Margaret Grant, Mrs. Andy Strawden, Miss Edith Spaulding, Miss Ada Dunning, Miss Dorothy Smith, Miss Hagel, Miss Dorothy McGregor, and Miss Renda. The cavalcade will be led by Anderson of Oakland who will furnish many of the horses for the parade.

ALAMEDA HIGH DEFEATS OAKLAND POLYTECHNIC

ALAMEDA, April 27.—Alameda High defeated the Oakland Polytechnic team yesterday afternoon, score 6 to 2. Both Beach for Alameda and Dixon for the Poly team pitched excellent ball. Kiser, Alameda, made a three-base hit and won further honors by his good base running.

Berkeley Society

Mr. and Mrs. Orasmus Cole of Berkeley announced the engagement of Miss Ethelyn L. Ebner, a University of California student, to H. The groom-to-be is associated with Crane & Co. of San Francisco. A Yale man and a member of the Zeta Psi fraternity. Guests at the announcement party were Mr. and Mrs. E. Grohn, Mr. and Mrs. J. B. Dennis, Mr. and Mrs. F. Dettman, Mr. and Mrs. C. A. Bridgeford, Mr. and Mrs. H. Hawley, H. Kindt, Miss Ethelyn L. Ebner.

BERKELEY L.O.O.F. HOLD CELEBRATION

Four Orders of College City Observe Anniversary of Founding in America.

BERKELEY, April 27.—The ninety-second anniversary of the founding of Odd Fellowship in America was observed by the four L. O. O. F. orders in Berkeley at Masonic temple last evening. Nearly 1000 members and friends of the organization attended.

Following a musical and literary program, there was dancing, the grand march being led by Major George C. Pope and Mrs. Pope, followed by members of Canton Berkeley, No. 77, Patriarchs Militant, and their wives. W. D. Slusser, ensign of the canton, was floor manager.

An entertaining feature of the evening was an exhibition drill by the corps of Canton Berkeley.

The program was as follows: Selection, orchestra, H. W. Brunk. Address of welcome, Chairman H. W. Brunk.

Prayer, Past Grand C. H. Townsend, chaplain of Berkeley lodge, No. 270. Vocal solo, Mrs. Mary J. Pettigrove, accompanist, Mrs. J. W. Lansing.

Address, Past Grand Milton D. Buck, on "Odd Fellowship." The Harvard-Yale Boat Race, Miss Georgia M. Owens.

Piano solo, Miss Margaret Darch. Bass solo, "The Arrow and the Song," George H. Black.

E. E. Underwood was chairman and J. E. Straightly secretary of the joint committee which arranged the affair. The committee was composed of the following:

Berkeley lodge, No. 270—E. E. Underwood, past grand; J. E. Straightly, past grand; H. Martin, past grand.

EGG LAID BY BERKELEY HEN IS ONE INCH LONG

BERKELEY, April 27.—If the claim of laying the largest eggs cannot be made for Berkeley hens, the college city defies Oakland to exhibit a hen like that of Carl Schmitt's, of 1909 Stuart street, which laid the smallest egg. The hen, which is an eight-pound Minora, presented Schmitt yesterday with an egg but three-eighths of an inch in diameter and but an inch long. It is smaller than most birds' eggs.

In contrast, T. L. McGillan of 961 Sixteenth street, Oakland, boasts a black minora which has laid an egg 1 1/2 inches in length and weighing one-quarter of a pound. He says that while this is a great record he is confident that his pet hen will beat this performance in the near future.

Miss Annie Logan has returned from a vacation spent in Fair Oaks.

Edward Priest was entertained at Fair Oaks by Leland Smith during the former's Easter vacation.

Mrs. F. English is making a week's visit with her sister, Mrs. R. Harkinson, in Antioch.

Climate Failed; Medicine Cured

Fresh air, rest and good food help many who suffer from Tuberculosis. We argue that the best remedy is a change of scene. A change of scene is a cure. A change of scene is a cure. A change of scene is a cure.

PERILS OF NORTH MAYOR MOTT AND OTHERS INDORSED

The Leading Business Men of Melrose Form Club to Aid Their Candidacies.

Seventy-five of the leading business men of Melrose met last night in Sousa hall and organized what is known as the Twenty-fifth Precinct Progressive Club.

Officers were elected as follows: President, W. A. Tenny; vice-president, L. T. Carr; secretary, W. S. Holmes; executive committee, James Gray, David M. Nicholson, A. H. Gray, David Scanlan and J. T. Walden.

President Tenny, on taking the chair, made a few remarks on the political situation in Oakland. He directed the attention of his hearers to the necessity of getting together for the purpose of electing men of experience and integrity to office.

Later in the evening the club adopted resolutions endorsing Mott, Meese, Gross, Turner, Forrest and Baccus for municipal offices, and Messrs. Kelly, Cook, Orr, Boyle, Bronner and Miss Brown for school directors.

Speeches were made by J. P. Kujawa, D. Scanlan, W. T. Holmes and others. The club will take an active interest in the campaign throughout the Melrose district.

ESTABLISHES HOSPITAL IN ALASKAN COUNTRY

ALAMEDA, April 27.—Reverend Loyal L. Wirt, assistant pastor of the Oakland Congregational Church, and former superintendent of education for the territory of Alaska, lectured at the Unitarian Club last night on his thrilling experiences while in the far north.

Rev. Wirt was in the first rush to the gold fields of Alaska, and has probably experienced vicissitudes that have fallen to the lot of few Alaskans. He established the first hospital in Northern Alaska and the first public school in that region; he left the strict at the commencement of the long and bitter winter and crossed the country on foot with a dog team, for the purpose of obtaining succor for the ice-locked camp.

Rev. Wirt gave a thrilling portrayal of the long journey across the ice in the dead of winter. In April he sailed for Alaska. "I arrived at Cape Prince of Wales in that first mad rush for gold. It was then summer and ships were daily unloading vast herds—mad for gold, with no idea of the future. We who were there, even the first to arrive knew that tens of thousands would come ill prepared and would be absolutely helpless when the dread winter came on. We had no doctors, no hospitals, no nurses and were even short of food. We realized that something must be done. We knew that some sanitary conditions must be had.

"We called a meeting to discuss the future and in ten minutes we raised \$5000 for the purpose of buying hospital equipment and to engage the services of nurses and a doctor. I was elected to take first steamer for San Francisco with the money and make the necessary purchases. It was then July. Within two months after my departure I had returned with a doctor and six nurses. I had shipped the hospital equipment, stores and books on another steamer which arrived six days later.

"Upon my return I was not received with the cordiality that I expected. I went to a friend and asked what the trouble was. He said: 'You are a stranger here. You are a stranger to us and at the first rattle out of the box you scooped the pot of \$5000 and left the country. We were merely betting 2 to 1 that you would not return. I am one of the losers.' That frightened me considerably, I can tell you.

VESEL SINKS.

"The goods were unloaded on a lighter and then transferred to the wharf. We had been working hard for twelve hours and had the majority of the stuff unloaded when we were informed that a steamer had sunk. We retired for the night, intending to be up bright and early the next morning to finish the job. It seems to me now that I had not been asleep for more than ten minutes when a man came running to my hut and said there was something wrong down at the wharf. I quickly threw on my furs and arrived at the scene.

The lighter was nowhere to be seen and all the supplies that would have been sent bobbing about in the water. The iron prow of the steamer had rubbed against the side of the lighter during the night and forced a hole in it, causing the craft to sink. The goods were saved, but the medicines and foodstuffs had gone to the bottom.

FOOD WAS LOW.

"It was then mid-winter and our food supply was getting lower and lower every day. The medicine was now utterly exhausted and the one doctor was working night and day attending 125 sick people. We called another meeting and came to the conclusion that some one must go out to get food and medicine. We elected a man to go for help, but not in the same easy manner as before.

WAS HARD TRIP.

I well remember the day, or the night, as it were. We had but one hour of daylight at that time of the year. It was the ninth of January. I was in the doory of my hut but whistled to my dogs. There never were any better dogs than mine; nine strong, sturdy, brave animals. So we were off in the night. We traveled by the compass and the light of the stars. I worked outland and sleeping out on the ground most of the time.

The dogs were wonderful. They needed little water and food, and always traveled on and on. Sometimes we were traveling down the Yukon river, then out on the Bering sea and again on the ground ridges on the great expanse.

TOLD OF JOURNEY.

The speaker told of his journey over ground never before traveled by white man. Of the wonderful stories that he heard in those far-away Eskimau villages, of the superstition of the natives, of the dances and customs. He made an average of 21 miles a day. Some days not more than half-mile. The dogs were wonderful. The longest run for one day was 66 miles, on the level stretches of the Bering sea. He traveled over fifty-one traveling days, although covering three months. He was the first man to visit the Igloo village and to witness the fetish dances and the heathenish orgies of the Eskimau.

LAST STAGES OF TRIP.

The speaker then described the last stages of the journey. He told of the utter exhaustion of the dogs, and how they were forced to rest at a time, covering barely a mile a day. Of the treachery of the guide, who tried to lead him away so as to steal his outfit. He arrived at the town of Kodiak after the final struggle over the Kodiak straits. He was met by H. White, the resident agent of the Alaska Packers Company, and rested at his home for a week, then boarded the steamer Fort and for San Francisco. Upon arriving he immediately boarded a train for Washington, D. C., and told his story to the president, general and other officials. An outfit was at once fitted out in San Francisco and arrived on one of the first boats to Alaska. The journey was a complete success.

ALAMEDA IN RACE FOR FOWL HONORS

Woman Resident Has Hen Outclassing All Others in County.

ALAMEDA, April 27.—An Alameda hen started the current contest among Alameda county residents for the honor of owning the layer of the most eggs and the layer of the largest eggs. An Alameda hen also bids fair to close the contest with a record for big eggs which eclipses any other record reported to date.

The TRIBUNE story of the big eggs laid by hens belonging to Rev. J. N. Burroughs and Mrs. Clifford Swope of Oakland, has caused Mrs. W. P. Seebek of 1523 Pacific avenue, Alameda, to present the claims of her year-old Buff Orpingtons.

The champion Orpington egg is 7 5/8 inches in length and 5 5/8 inches in circumference. The smallest egg laid by Mrs. Seebek's Orpingtons measures 3 3/4 inches in length and 2 3/4 inches in circumference. The smallest egg is considerably larger than the average egg.

SUES RAILROAD FOR DEATH OF HER SON

SAN FRANCISCO, April 27.—Damages to the amount of \$50,000 and costs are asked from the Southern Pacific company by the death of Berthold A. Rothschild, which occurred near Pleasanton on May 23, 1910. The mother of the deceased, Mrs. Julia Rothschild, brought suit today declaring that her son was her support and was capable of earning \$300 monthly.

The accident occurred while young Rothschild was riding in an automobile which was struck by a train and completely demolished.

CEINAR AGAIN CLEARED OF BRIBERY CHARGE

SAN FRANCISCO, April 27.—Policeman William Ceinar, automobile sleuth of the local department, obtained a dismissal of the second charge of bribery against him in Judge Deasey's court today. The complaint was by W. W. Dawson and the reason for the dismissal was given by the court as the conflicting testimony of the several witnesses. Ceinar denies the charge and says he was cleared by the board of police commissioners, referred by Chief of Police Seymour.

DIDN'T LIKE NAMES HUBBY CALLED HER

SAN FRANCISCO, April 27.—A long course of inhuman treatment is complained of by Hattie Ellery, wife of Edward Ellery, a local ranch owner, in a suit for divorce filed here today. The wife declares that she was made a target for epithets of all kinds and was on one occasion called a "she devil." The couple were married in July, 1901, and the property interests are extensive.

50 ALIENS TO BECOME GOOD AMERICANS

Judge T. W. Harris disposed of the probate calendar in the Superior Court this forenoon to enable Judge Everett J. Brown to preside over naturalization cases. The latter had about fifty aliens before him to qualify for their second papers and it was late this afternoon before the last one was disposed of.

WHIST TOURNAMENT TONIGHT

BERKELEY, April 27.—The Catholic Ladies' Aid Society will hold the first whist tournament since the winter season this evening, in Native Sons' Hall. Prizes will be awarded. The committee for charge comprises Mesdames Lingard, Sullivan and Elmer.

THE SOUND SLEEP OF GOOD HEALTH

Cannot be over-estimated, and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was bad. I ran down on my back taking Foley Kidney Pills but a short time and now sleep as sound as a rock, my general condition is greatly improved, and I know that Foley Kidney Pills have cured me." Wishart's Drug Store, corner Tenth and Washington streets.

A few dollars will carry the most sensational advertisement into every home in Alameda county. But what of it, if it be not true? Sooner or later such an advertiser goes out of business.

With MORAN it's different. He's been in business over twenty years and does more today than ever and will do more next week than this.

MORAN'S advertisements always state truths and the people know it.

Our display now is a splendid lot of

DANCE WILL BE GIVEN BY NATIVE SONS OF ALAMEDA

RICHARD L. WERNER, President of Alameda Parlor, N. S. G. W.

ALAMEDA, April 27.—Extensive preparations are being made for the ball to be given by the Uniform Rank of Alameda Parlor, No. 47, on Wednesday evening, May 3, at Evening Hall, East Station. A large number of requests have been received for invitations, and every indication points to a successful affair.

The committee in charge, consisting of R. L. Werner (chairman), R. Shepard, W. Leydecker and H. Grooms have worked hard to make the dance a notable one. Schneiders orchestra has been engaged to furnish the music. R. L. Werner, who will be floor manager, is president of the lodge.

ENCINAL CLUB TO OPEN 1911 SEASON

Fencing, Diving and Swimming Races to Attract the Devotees of Sports.

ALAMEDA, April 27.—The Encinal Yacht club will celebrate the opening of the 1911 season Saturday afternoon, April 29, at the clubhouse, foot of Grand street. The feature of the afternoon will be the fancy diving and swimming of Miss Nell Schmidt, who is in a class with Annette Kellerman and is now preparing to make a swim from San Francisco to Alameda. Miss Schmidt is an Alameda girl and has a state-wide reputation for remarkable prowess in aquatic sports.

There will be a program of rowing, swimming and canoe races. Among those who will compete in the women's races are Miss Harriet Fish, Miss Beas Valieu and Miss Tosca Brunsch.

The first dance of the season will be held in the evening at the clubhouse, and will be a brilliant social affair.

The clubhouse will be beautifully decorated with pennants and club colors. The members plan to give the most successful opening of the club's history. The committee in charge of the arrangements are James Kenna, Jules Landsberger, Henry Hiller and Harry Shead.

HORSEWHIPPED SPOUSE SAYS WIFE WAS CRUEL

SAN FRANCISCO, April 27.—Rollie Rivers Parker testified before Superior Judge Mogan today in connection with his divorce action against Marjelle Parks. The allegation has been changed to cruelty, and Parks, who is the most successful actress testified to the alleged inhuman treatment of his spouse.

Month ago the couple were brought prominently before the public by reason of a horsewhipping episode in which Mrs. Parks chastised her husband in front of their apartments on Market street. There was no contest on the part of the wife and the property interests were settled out of court.

ALAMEDA PERSONALS

ALAMEDA, April 27.—Miss Maude Hunt will entertain at a five hundred club at her home in Alameda avenue, tomorrow evening. There are twelve members in the club, which was organized early in the winter.

Mrs. Edward Sturgis has gone to Healdsburg after spending the week at the Marin county home of the Misses Gertrude and Marian Mills. Mrs. Sturgis will be the guest of Dr. and Mrs. Walter Sewell in Healdsburg. The visitor who is the wife of Captain Sturgis, U. S. A., will sail for Manila May 5.

Mr. and Mrs. W. T. Moore were hosts at an elaborate dinner party at their home in San Jose avenue this week. The guests were Miss Alice Davis, Miss Hazel Holt, Miss Ruth Holt, David Havens, Sam Downing and Edw. Davis.

Mr. and Mrs. Charles Mitchell and Miss Elsie Mitchell have left for an extended visit in the East. Their former home was in Berkeley. They have resided in this city two years.

Miss Laura Sargent will entertain at a sewing bee at her home in San Antonio avenue Tuesday.

Miss Isabelle and Miss Jessie Sherwood will spend next month in the southern part of the State.

WHIST TOURNAMENT TONIGHT

BERKELEY, April 27.—The Catholic Ladies' Aid Society will hold the first whist tournament since the winter season this evening, in Native Sons' Hall. Prizes will be awarded. The committee for charge comprises Mesdames Lingard, Sullivan and Elmer.

Concerning the price of STEINWAY PIANOS

If you are convinced that the STEINWAY PIANO is the best, but hesitate on account of the slightly higher price, remember that it is this difference that makes all the STEINWAY attributes possible.

26 PERSONS DIE OF TUBERCULOSIS

Alameda County Branch of the National Society Gives Aid to the Afflicted.

Of the twenty-six persons who died from contagious diseases in Oakland during March, twenty-three died from tuberculosis of the lungs. It is the object of the National Association for the Study and Prevention of Tuberculosis to aid in caring for those who have the disease and to teach the healthy how to avoid it.

On April 20 the ministers all over the United States will tell of this great work. The Alameda county society is a branch of the national association. Its offices and clinics at 525 Seventeenth street are under the care of competent physicians who donate their services. A trained nurse is employed to visit the homes and try to improve conditions there.

The society hopes to build a sanatorium soon where patients with tuberculosis can have the best of care for nominal charges.

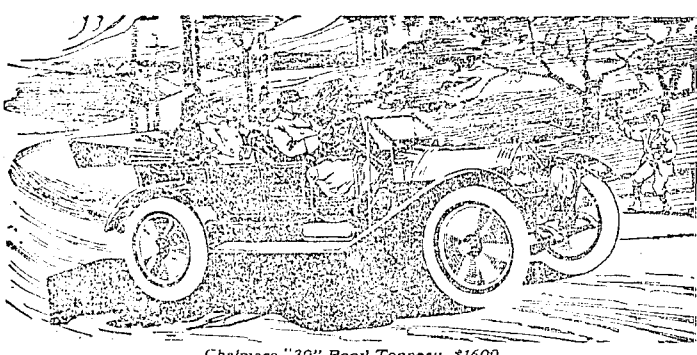

DENIES SHE IS 'LITTLE BLONDE'

Miss Jennie Crocker Persists She Did Not Speeding, but Brother Pays Fine.

SAN FRANCISCO, April 27.—Although it has not as yet been definitely decided just who is the "little blonde woman" who, when arrested last Tuesday for auto speeding by Special Officer Mike Brown near Belmont, gave the name of Miss J. Crocker, the fine of \$25 in the case was yesterday paid to Justice of the Peace Joseph McCormick by Duane Hopkins, private secretary to Charles Templeton Crocker, brother of Miss Jennie Crocker, the Hillsborough heiress.

Notwithstanding this fact, however, Miss Jennie Crocker denies that she is the "little blonde lady" arrested. The motor car used in the speeding, which, according to the officer, exceeded twenty miles an hour, stands in the name of C. C. Stanley, Los Angeles.

The hardest working member of the Colorado House of Representatives is a woman. There are countless thousands of ordinary houses of which the same may be said.—Pittsburg Gazette-Times.

Chalmers "30" Pony Tonneau, \$1600

What to Look for in a Motor Car

Nowadays the buyer of a motor car must ask other questions than "Will it take me there and bring me back?" Any good car of a dozen makes will do that.

But ask these questions before purchasing:

How long will this car keep its youth; its good appearance; its wholesome sound? Will it be economical? Is there an organization back of this car that can make good the guarantee of service? Has this car beauty of line and finish? Refinements? Style? Will it give the utmost comfort at all times?

Will it be a good seller in a year, two years, five years from now? A Chalmers car will be, because our strict one-price policy establishes a standard price for second-hand Chalmers cars. As for the answers to the other questions, we believe the Chalmers Company can give better answers than any other company.

This monogram on the radiator stands for all you can ask in a motor car.

GROTESQUE COMEDIANS HIT OF BILL AT BELL THEATER

One of the BRAGGAAR BROTHERS, fun-makers, at the Bell Theater.

Grotesque comedy is always popular, especially when it is mixed judiciously with athletics of class. It is mixed in this way by the Braggars Brothers, two Australian performers at the Bell this week who are on their first American tour under Sullivan and Considine direction. Down in the land of the kangaroo the brothers Braggars are counted the leaders in their division. They have made good, in fact, that they have twice toured Great Britain and the continent, and also done the South African and South American tours. Since they opened on the S. and C. tour in Cincinnati they have more than held up their end at every stop along the route.

Jere Sanford, with his voice that is sugar-sweet, his whistling and his comedy, has been a popular figure in vaudeville these several years past, and is today at the top of his career. His voice is stronger and sweeter than ever it was, particularly in his yodeling, and the line of fun-making that he has developed increases the value of an already valuable act by a hundred per cent.

George Palmer Moore and charming Florence Elliott are among the features of the show with their highly-amusing little playlet, "A Matrimonial Substi-

tute," which is the motif for many merry minutes. Jack Irwin, the wireless operator whose "C. Q. D." signal of distress waved through the atmosphere, brought the steamer Trent to the rescue of Walter Wellman's balloon America just as the airship and her crew were about to plunge into the Atlantic, appears at the Bell theater the coming week, beginning with Sunday's matinee. He carries a wireless apparatus similar to the one used on the memorable occasion, which he uses in his performances.

Irwin, in addition to stories, has a lecture on the airship trip.

Biglow and Campbell sings a lot of rattling good songs, most of them of their own composition, pound the piano and give off fun generally. Their act is one of those merry hedge-podge affairs that are always popular with vaudeville audiences.

Arthur La Vine, with a merry company, presents a very original spectacle which he calls "Tom Coney Island to the North Pole in Twenty Minutes." There is a number of chorus girls and two or three hard-working comedians, who extract the full measure of comedy with the aid of several cleverly-conceived stage mechanisms. Miss Elinor Hatch, of local fame, is very well received in a repertoire of popular songs and ballads.

CELEBRATION HELD BY NATIVE SONS

Grand Trustee John F. Davis Is Special Guest of Richmond Lodge.

RICHMOND, April 27.—With Grand Trustee John F. Davis as a special guest, Richmond lodge, No. 217, N. S. G. W., initiated several candidates last night after a parade on Macdonald avenue.

The start of the fun began in Oakland. Davis was escorted by the Native Sons of that city, and the Richmond parade drum corps to a special Richmond car at Seventh street and Broadway and with the drum corps and several officers of the Richmond lodge started for Richmond. Other delegations were picked up at Albany, Rust and Stage.

The visitors were met at Twenty-third street in Richmond by the local party and there was a procession up to the hall at Macdonald avenue and Eighth street. A banquet followed the ceremonies. Chris Escholar is president of Richmond lodge and E. J. Summers secretary.

GREAT SMUGGLING SCHEME EXPOSED

Secret Service Unearths Big Plot Rivaling Sleeper Trunk Frauds.

WASHINGTON, April 27.—Secret agents of the customs service have discovered a system of smuggling expensive gowns and women's clothing from Paris which promises to approach in magnitude the famous sleeper trunk frauds.

Under valuations and fraudulent manifests are said to be the means the suspected ones have used to carry on their work.

Evidence in the possession of Chief Willie tends to indicate that some of the smugglers convicted and fined in the trunk frauds are the leading spirits in the new scheme.

Raid which customs officers planned to make today in New York and Chicago were expected to uncover quantities of the smuggled goods with values running into several thousand dollars.

BROTHERS ATTACK WILL OF GLOVER

Slain Laundryman's Estate to Be Subject of Bitter Contest in Courts.

CAMBRIDGE, Mass., April 27.—Following the taking of the deposition of Hattie le Blanc, the French-Canadian girl who was acquitted of the murder of Clarence F. Glover, the Waltham laundryman, after a sensational trial last December, efforts to break Glover's will have been resumed formally in the supreme court in this city.

Miss le Blanc's deposition, which was taken in St. John, N. B., last week, contains more than 12,000 words, partly descriptive of events during the year that she resided with the Glovers in Waltham.

Under the will, the widow and Seymour Glover, a brother, received a large portion of the real and personal estate and the present contest is being conducted by Glover's four other brothers.

PASTOR AND SUPERVISOR DISCUSS LABOR QUESTION

SAN FRANCISCO, April 27.—Rev. Benjamin Young and Supervisor C. A. Munlock were the principal speakers at the second day's session of the Pacific Coast convention attended by delegates of the National Industrial Peace Association. Topics relating to the rights of capital and labor were discussed.

The lucky club who has captured attractive Miss George is the son of Mr. and Mrs. Samuel Martin.

TAFT TO CONFER WITH LEADERS

Busy Day Cut Out for President: to Speak on Reciprocity.

NEW YORK, April 27.—Today bids fair to be another active one in President Taft's New York itinerary. His program including a series of conferences with New York Republican political leaders and the delivery of what promises to be an important speech on Canadian reciprocity at the annual banquet of the Associated Press and American Newspaper Publishers' Association tonight.

President Taft's speech tonight on Canadian reciprocity, it is understood, is to be the first of a series to be delivered while the bill embodying the reciprocity agreement is before the Senate and will be made in the hope of influencing favorable action by the body on the reciprocity measure.

During the morning August Belmont, with H. L. Herbert, an old time English polo player, called on Taft. Miss Francis, who has been painting President Taft's portrait, called by appointment.

GOVERNOR SHAFROTH CAN'T RECOGNIZE BILL

DENVER, April 27.—In a letter sent to the House of Representatives today Governor Shafroth sharply criticized the state banking bill passed yesterday as a measure "no more resembling the measure promised to help the people than night resembles day." The letter created a sensation.

San Francisco Society.

SAN FRANCISCO, April 27.—Mr. and Mrs. Henry Foster Dutton have given up all idea of going abroad this summer. Instead, they have taken apartments at the Peninsula hotel in San Mateo, May 1 will find them installed in their new quarters. The Duttons have had Mrs. Eugene Bresse's house all winter. Mrs. Bresse and her daughter, Miss Meta McMahon, are touring Europe now, and do not expect to return to California until some time in September.

Mrs. Belle Edinger has given up her arguments at the Bellevue and is stopping at the Vendome, in San Jose, for several months.

Mr. and Mrs. George T. Marve have issued invitations for a dinner that will take place tomorrow evening. Their guests, who will number sixteen, will as-

semble in the red room of the Bohemian club. Mr. and Mrs. Marve will bid adieu on this occasion. With Miss Doyle and Miss Moreland, they are planning to go to Santa Barbara about the first of May.

Miss Jane Selby has been entertaining Miss Ernestine McNear at her home in Menlo.

Mr. and Mrs. Max Rosenberg are planning to spend the summer abroad.

California club hall has been converted into a garden of beauty for the flower festival which is being given for the benefit of St. Francis church. Yesterday afternoon and evening a gala crowd assembled at the club to congratulate the members of the Outdoor Art League on their clever performances. The hall was arranged like a "safe haven" and the audience partook of ices and other good things at little tables while enjoying the clever program. Mrs. Lovell White, the president of the California club, was unusually stunning in black satin and chif-

fon, combined with white lace. It is anticipated that a large crowd will go to this spring festival this afternoon, as it will be the last opportunity.

The Rev. Edward Moreau, rector of St. Luke's, is expected to leave for New York and may possibly decide to go away.

Miss Theresa Friendly, who has been visiting here for the past three months, left for her home in Eugene, Or., a few days ago.

Miss Lolita Burling is the guest of Mrs. Douglas Frye (Dolly McGavin) and much is being done for the entertainment of the piquant little brunette beauty. Friends are voicing regrets that she insists upon returning next week to her home in Santa Barbara.

Miss Marie Louise Tyson made Miss Analia Simpson the guest of honor at a pretty appointed luncheon yesterday, which a bevy of attractive girls from side of the bay were bidden
